Three Year History

2014

On June 17, 2014, Kevin McCreadie joined the Company as Executive Vice President and Chief Investment Officer. Mr. McCreadie assumed the position of President and Chief Investment Officer of AGF Investments Inc. (“AGF Investments”) with a view to providing direction and leadership to the investment management team and to lead the firm’s global institutional business.

On December 9, 2014, the Company announced a change in its capital allocation strategy that resulted in retained capital being deployed to initiatives with greater potential to increase shareholder value. As part of this strategy, the Company announced an adjustment to the quarterly dividend to \$0.08 per share on both the Class B non-voting shares and the Class A voting common shares for the first quarter of 2015. This change in strategy provided the Company with increased flexibility to execute its growth strategy and invest in the growth of the business, while being active in AGF’s share buyback program.

2015

During 2015, the Company entered into an agreement with Citigroup Fund Services Canada Inc. (“CFSC”) to transition the Company’s transfer agency function from CFSC to AGF CustomerFirst Inc. (“CustomerFirst”), a wholly-owned subsidiary of the Company. The transition was completed in February 2016.

On November 20, 2015, the Company amended and restated its current loan agreement to decrease the total credit availability from \$400 million to \$320 million. In addition, the agreement includes a \$10.0 million swing-line facility commitment.

During November 2015, the Company, through a wholly-owned subsidiary, acquired a majority interest in FFCM, LLC (“FFCM”). FFCM is a Boston-based advisor who currently manages a family of market and sector neutral ETFs and a number of ETF managed strategies. FFCM’s expertise build on one of the Company’s core competencies in managing quantitative solutions for investors.

On January 27, 2015, InstarAGF Asset Management Inc. (“InstarAGF”) announced the acquisition of the Billy Bishop Toronto City Airport passenger terminal by Nieuport Aviation Infrastructure Partners GP, a consortium of Canadian and international investors led by InstarAGF. During 2015, AGF committed and invested \$105.1 million related to this investment, which is a cornerstone asset for the InstarAGF Essential Infrastructure Fund LP (“EIF”). EIF achieved its first closing with external investors in the first calendar quarter of 2016, at which point the Company received a partial return of its capital in excess of its proportionate participation.

2016

On February 16, 2016, AGF completed the transition of the Company’s transfer agency function from CFSC to CustomerFirst, which included the transfer of approximately 171 employees. The Company did not acquire any significant net assets from CFSC and invested approximately \$6.0 million of capital for leaseholds, facilities and technology.

During 2016, InstarAGF and the Company achieved multiple closes of EIF with committed aggregate equity of \$522.2 million as at November 30, 2016. During the year, the Company invested \$35.7 million into EIF. As a result of multiple closes throughout the year, the Company received \$99.1 million as a return of capital, which aligned AGF’s invested capital to its proportionate share of total commitments.

On July 4, 2016, Adrian Basaraba was appointed to the position of Senior Vice-President and Chief Financial Officer of AGF, replacing Robert J. Bogart who transitioned to the role of Executive Vice President, Head of Corporate Development.

On August 19, 2016, the Company amended and restated its loan agreement to extend the term to 2021.

- an unlimited number of Class A voting common shares ("Class A Voting Shares") of which 57,600 were outstanding.

VOTING RIGHTS AND MATERIAL CHARACTERISTICS OF CLASS A VOTING SHARES AND CLASS B NON-VOTING SHARES

The holders of the Class A Voting Shares are entitled to one vote per share at all meetings of shareholders other than a separate meeting of the holders of another class or series of shares. The holders of the Class B Non-Voting Shares are not entitled to any voting rights except as provided by law or as described below.

The provisions attached to the Class B Non-Voting Shares may not be amended, and no special shares ranking in priority to or on a parity basis with the Class B Non-Voting Shares may be created, without such approval as may then be required by law, subject to a minimum requirement of approval by the affirmative vote of at least two-thirds of the votes cast at a meeting of the holders of the Class B Non-Voting Shares duly called and held for that purpose at which holders of 10% of the shares are represented.

Generally, the Class B Non-Voting Shares do not carry any right to receive notice of or to attend any meeting of the shareholders of the Company and shall not be entitled to vote at any such meetings of shareholders. As a result, without the approval of holders of Class B Non-Voting Shares, holders of Class A Voting Shares will be able, subject to the Business Corporations Act (Ontario), and applicable Canadian securities regulatory requirements, to: amend AGF's articles and by-laws, except in certain circumstances where the rights and conditions attaching to the Class B Non-Voting Shares would be adversely affected; effect an amalgamation or approve certain other corporate transactions, except in certain circumstances where the rights and conditions attaching to the Class B Non-Voting Shares would be adversely affected; elect the Board of Directors of AGF (the "Board") and otherwise control the outcome of virtually all matters submitted to a general shareholder vote. **In addition, the Class B Non-Voting Shares do not have the right to participate in a take-over bid for the Class A Voting Shares under applicable Canadian securities law.**

² Treasury stock in the amount of 578,129 is not included.

Dividends paid on the Class B Non-Voting Shares shall be in equal amounts to dividends paid on the Class A Voting Shares (with a prior entitlement of a dividend of one cent per Class B Non-Voting Shares).

The holders of Class B Non-Voting Shares are, together with the holders of Class A Voting Shares, entitled to participate on a pro rata basis in the assets of AGF upon a liquidation or winding-up of AGF.

The Class B Non-Voting Shares are considered “taxable preferred shares” as defined in the Income Tax Act (Canada) (“ITA”), and the Company is paying Part VI.1 tax under the ITA at the rate of 25% of the amount of all taxable dividends paid (or deemed to be paid), other than excluded dividends, on the Class B Non-Voting Shares. Most corporations that are taxable in Canada other than a) mutual fund corporations and other “financial intermediary corporations”; and b) “private corporations” (within the meaning of the ITA) generally will be liable for a 10% tax under Part IV.1 of the ITA on taxable dividends received (or deemed to be received) on the Class B Non-Voting Shares. In addition, a holder of Class B Non-Voting Shares that is a “private corporation” (within the meaning of the ITA), or any other corporation resident in Canada and controlled or deemed controlled by or for the benefit of an individual (other than a trust) or related group of individuals (other than trusts), will generally be liable to pay a 33 1/3% refundable tax (proposed to increase to 38 1/3% for dividends received after 2015 by Notice of Ways and Means Motion released on December 7, 2015) under Part IV of the ITA on dividends received (or deemed to be received) on the Class B Non-Voting Shares.

CORPORATE GOVERNANCE

AGF's Board has nine directors, the majority of whom are independent.

Independence of Directors

The following table outlines the independence, as defined under Sections 1.4 and 1.5 of *National Instrument 52-110*, of directors as at the date of the AIF:

Directors	Independent	Non-Independent	Reason for Non-Independence
Blake C. Goldring		X	CEO of AGF
Kathleen Camilli	X		
Sarah Davis	X		
Douglas Derry	X		
W. Robert Farquharson		X	Executive Officer of AGF
Judy G. Goldring		X	Executive Vice President & Chief Operating Officer of AGF
Winthrop H. Smith Jr.	X (Lead Director)		
G. Wayne Squibb	X		

W. Robert Farquharson, Blake C. Goldring and Judy G. Goldring have been determined not to be independent on the basis that they have a material relationship with the Company by virtue of their executive officer positions at AGF. Blake C. Goldring, Chief Executive Officer of the Company is the Chairman of the Board. Winthrop H. Smith Jr., independent director, is the lead director of the Company. Mr. Smith chairs the meetings of the independent directors to ensure the independent directors have regular opportunities to meet and discuss issues without management present. The independent directors held 5 meetings during the 2016 fiscal year, at each of the regularly scheduled board meetings. There were no ad hoc board meetings in the 2016 fiscal year. Currently, as part of each regularly scheduled Board and Committee meeting, the independent directors meet without management and non-independent directors.

The Company values the experience and knowledge of longer serving directors, but also recognizes the value of board renewal and new perspectives. Although the Company has not adopted term limits for the Board, the Board conducts an annual assessment to facilitate board renewal. The Nominating and Corporate Governance Committee is satisfied that the Board has a robust annual assessment process in place to foster a high performing board dynamic. For more information on the annual assessment, see *Orientation and Continuing Education of Board Members – Assessments*.

To further ensure ongoing board renewal, no more than one-third of the Board is expected to be over the age of 70 at one time. The Board may recommend that this requirement be waived in exceptional circumstances and if it is in the best interests of the Company. As a result of a director departure during 2016, the Board acknowledges that it currently does not meet this expectation, and is actively engaged in board recruitment.

The Nominating and Corporate Governance Committee will consider the composition of the Board and the nomination of directors annually, and report the results of its review to the Board.

Committees of the Board

The Board has established three committees: the Audit Committee, the Nominating and Corporate Governance Committee and the Compensation Committee. Each committee sets aside time at each committee meeting to meet independently without management’s presence. In addition, the Audit Committee meets with the internal and external auditors without management’s presence at least quarterly. The Board has developed written position descriptions for the Chair of each of these committees.

The following chart sets out current committee members, who are all independent:

	Committees		
	Audit	Nominating and Corporate Governance	Compensation
Douglas Derry	Chair	X	
Winthrop H. Smith Jr.	X		X
G. Wayne Squibb	X	Chair	X
Sarah Davis	X		Chair
Kathleen Camilli	X		X

The Audit Committee

The Audit Committee has five members: Douglas L. Derry (Chair), Winthrop H. Smith Jr., G. Wayne Squibb, Sarah Davis, and Kathleen Camilli, all of whom are independent. All members of the Audit Committee are financially literate for the purposes of National Instrument 52-110 – *Audit Committees*. In addition to each member’s general business experience, the education and experience of each Audit Committee member that is relevant to the performance of responsibilities as an Audit Committee member is described in their director biographies. See *Corporate Governance – Directors*.

The Audit Committee has been established by the Board to enable the Board to fulfill its oversight responsibilities in relation to:

- the integrity of AGF’s financial reporting;
- AGF’s internal controls and disclosure controls;
- AGF’s internal audit function;
- pre-approve all audit engagements and non-audit engagements and establish the types of non-audit services the external auditors may provide;
- AGF’s compliance with legal and regulatory requirements; and
- the qualification, performance, and independence of AGF’s auditor.

The following table sets out, by category, the services rendered and fees billed by AGF's external auditor for the last two fiscal years:

	November 30, 2016	November 30, 2015

Total Other Services Fees:	\$ 279,074	\$ 366,484

Note:

(1) Other services relate primarily to translation services and ISAE 3402 Report on Controls.

The written charter of the Audit Committee is disclosed as Exhibit B to this AIF. The Board has also established procedures for approval of audit and non-audit services by the external auditor. All fees paid to the independent auditor for 2016 were in compliance with such procedures.

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee is composed entirely of independent directors: G. Wayne Squibb (Chair), and Douglas Derry.

The Nominating and Corporate Governance Committee has the responsibility to annually review the skills and experience represented on the Board in light of AGF's strategic direction, and to recommend to the Board for consideration criteria and potential candidates who meet the criteria. An important element in the consideration of Board succession planning is the Board's annual assessment of its own performance and the performance of individual directors. The results of the Board and individual director evaluations serve to assist the Board in planning for Board recruitment, retirement, and to enhance the performance of the Board and its committees.

The Nominating and Corporate Governance Committee has the responsibility to determine the skills, qualities and backgrounds the Board needs to fulfill its responsibilities with a view to ensuring diverse representation on the Board. The Nominating and Corporate Governance Committee seeks candidates to fill any gaps in the skills, qualities and backgrounds of Board members and assesses a candidate's ability to make a valuable contribution to the Board.

The written charter of the Nominating and Corporate Governance Committee is disclosed as Exhibit C to this AIF.

The Compensation Committee

The Compensation Committee is composed entirely of independent directors: Sarah Davis (Chair), Winthrop H. Smith Jr., G. Wayne Squibb, and Kathleen Camilli.

AGF's compensation program consists of four components: salary, benefits, bonuses, and long-term incentive plans. On an annual basis, the Compensation Committee reviews various published reports on compensation, as well as retains independent consultants and surveys professionals, as appropriate, to assess competitiveness of the components of the Company's compensation program. The Compensation Committee reviews the compensation of senior officers and directors in relation to other comparable companies. The Compensation Committee believes its compensation program provides a fair and competitive pay package that reflects an appropriate relationship between an executive's compensation and performance.

The written charter of the Compensation Committee is disclosed as Exhibit D to this AIF.

Position Descriptions

The Board has developed written position descriptions for the Chairman, lead director, the Chair of each Board Committee, and individual Board member responsibilities. The Corporate Governance and Nominating Committee reviews these position descriptions annually and recommends any amendments to the Board.

The Board, together with the Chief Executive Officer, has developed a position description for the Chief Executive Officer.

Director Orientation

All new directors are provided with a director's orientation package and given access to the directors' online board portal which functions as a repository for historical meeting materials and directors' reference and resource materials. New directors are provided with the following information:

- Board organization, membership and meeting schedule;
- Board and committee charters;
- Board evaluation and compensation;
- Code of Business Conduct and Ethics;
- Corporate governance principles;
- Statutory and legal liabilities of directors;
- Details of directors' and officers' insurance coverage;
- Responsibility of key management functions;
- Corporate structure; corporate policies;
- Current annual and quarterly financial statements;
- Current strategic plan and budget;
- Recent public disclosure documents; and

- Simplified prospectus for AGF’s fund families (AGF Group of Funds, Harmony Pools & Portfolios) and prospectus for QuantShares ETFs.

The Nominating and Corporate Governance Committee makes available to new directors, opportunities to meet senior officers, internal and external auditors, and other members of the Board. Every new director will also have an opportunity to meet other members of management, as required.

The Nominating and Corporate Governance Committee is charged with monitoring the orientation given to new directors in respect of both the Company and their responsibilities and duties as directors of the Company.

Director Continuing Education

The Board recognizes the importance of ongoing director education. As a part of the Board’s annual self-assessment, the Nominating and Corporate Governance Committee solicits the directors for topics of interest and relevance and arranges for presentations by key personnel or qualified outside consultants. Directors are also encouraged to attend external continuing education programs held by professional organizations and universities designed especially for directors of public companies.

Presentations and Updates – The Chairman and Chief Executive Officer provides a quarterly update to the Board in which he reviews important areas of progress, current challenges, financial highlights, updates on core business, operations, legal and regulatory environment, and progress on key performance metrics. The Chair of each of the Board’s Committees briefs the Board on the deliberations of the Committee since the last meeting of the Committee. In addition, management makes presentations to the Board and to the Committees of the Board when they are making key business decisions, on the Company’s strategic plan, on topical issues from time to time, and in response to requests from directors. Presentations are made to the Board and to the Committees of the Board at regularly scheduled meetings to keep them informed of changes within the organization and in regulatory and industry requirements and standards. Directors are provided with regular updates by senior management concerning best practices in corporate and board governance and changes concerning the Company’s business, legal and regulatory framework.

Directors’ continuing education during fiscal 2016 included the following:

Audit Committee

- PwC AC Insights – provides Audit Committee members with a summary of financial reporting developments for public companies, how those developments might affect the company and things the Audit Committee may want to think about
- Anti-Money Laundering training module

Nominating and Corporate Governance Committee

- Update on Gender Diversity on Boards and Executive Officer Positions

Board

- AGF's Information Technology Strategy Update, including update on Cyber Security
- ETF Strategy
- ESG Investing: Process, Product and Positioning
- One-on-one meetings with Portfolio Managers and affiliate senior executives
- AGF Strategic Updates

All Board and Committee members participated in all Board and Committee education sessions.

Wide Spectrum Participation – The Committees of the Board welcome the attendance of other directors who are not regular members of a Committee as guests. Although such a guest director does not vote on the deliberations of a Committee, he or she nevertheless gains a more detailed understanding of the issues, policies, regulatory environment, and specific concerns that drive the decision-making of the Committee.

Distribution of Media and Analyst Coverage – To help the directors develop an understanding of the public perception of the Company, particularly from an investor relations perspective, they are provided with copies of newspaper articles, analysts' reports, and articles in other publications in which the Company is mentioned or discussed.

Regular Review of Key Policies – The key governance, disclosure and ethics policies of the Company are regularly reviewed by the Board or an applicable Committee for compliance with changing regulations and best practices, and updated if required.

Directors' Online Access to Materials – The Company utilizes a secure, online board portal for delivery of Board and Committee meeting materials on a timely basis. This mode of delivery provides directors with ease of accessibility to both current meeting materials and reference materials. The online board portal is a repository for historical meeting materials and directors' reference and resource materials, including the Company's incorporating documents and by-laws, organizational chart, policies, strategic plan, media coverage, Board and Committee charters, and Board education materials.

Nomination of Directors

The Nominating and Corporate Governance Committee works collaboratively with the Chairman of the Board to identify and review candidates qualified to become Board members and it makes recommendations on new director nominees to the Board for vacancies occurring during the year and to the Company's Class A Voting shareholders for the annual election of directors.

Before recommending a Board candidate, the Nominating and Corporate Governance Committee considers the competencies and skills (a) that are necessary for the Board as a whole; (b) that each

existing director possesses; and (c) that each nominee will bring to the Board. The Nominating and Corporate Governance Committee maintains a matrix of the key relevant experiences and competencies each director possesses and identifies the competencies that would complement the existing Board. The skills matrix includes the following key categories:

- Financial knowledge relating to each key line of business
- Legal
- Sales and marketing relating to financial services industry
- General executive management and/or board experience
- Customer perspective

As part of the selection process, the Nominating and Corporate Governance Committee interviews the nominee and confirms that each interested nominee fully understands the role of a director and the contribution they would be expected to make if elected, including the commitment of time and energy that the Company expects of its directors. The Board generally has an opportunity to meet informally with the candidate before the candidate is formally nominated for election to the Board.

In addition, the Nominating and Corporate Governance Committee assesses whether the majority of the Board is independent according to applicable rules and regulations. It also annually reviews the competencies and skills required for each Board Committee, the results of individual director self-assessments and the results of the Board and Board committee effectiveness questionnaire, and recommends to the Board the composition of the Committees.

The Board is re-elected by the Company's Class A Voting shareholders on an annual basis. The Board Committees are re-elected by the Board on an annual basis.

Board Diversity

The Company has a Board Diversity Policy in place. The Board believes that a board made up of highly qualified directors from diverse backgrounds and who reflect the population demographics of the markets in which the Company operates, and its employees and client base, promotes better corporate governance. To support this, the Nominating and Corporate Governance Committee considers only candidates who are highly qualified based on their experience, functional expertise, and personal skills and qualities, as well as diversity criteria including gender, age, ethnicity and geographic background when identifying candidates to recommend for appointment/election to the Board. To help achieve its diversity aspirations, the Nominating and Corporate Governance Committee, if appropriate, may engage qualified independent external advisors to conduct a search for candidates that meet the Board's skills and diversity criteria.

As part of the Board's approach to diversity, the Board aspires to have at least 30% of its board members be women. The Nominating and Corporate Governance Committee considers this diversity target during its recruitment of board members. The current Board has 3 women directors, representing 37.5% of the 8 directors.

To ensure the effectiveness of the Board Diversity Policy, the Nominating and Corporate Governance Committee will review the target and Board Diversity Policy annually, and report the

results of its review to the Board. The Nominating and Corporate Governance Committee will make recommendations to the Board regarding any changes required to the Board Diversity Policy, target, composition of the Board, or its recruitment process to achieve the goals outlined in the Board Diversity Policy.

Compensation of Directors

The directors' compensation program is designed to attract and retain the most qualified people to serve on the Board and its Committees. Executive officers of the Company who are also directors did not receive any compensation for their services in their capacities as directors.

The Compensation Committee, at least annually, reviews and recommends to the Board for its approval, the compensation of the non-employee members of the Board, including Board and Committee member retainers. An independent 2015 review was conducted by Gallagher McDowall Associates ("Gallagher McDowall") of the directors' compensation of the following companies:

- Canaccord Genuity Group Inc.
- CI Financial Corp.
- Dundee Corporation
- Element Capital
- Fiera Capital Corporation
- Gluskin Sheff + Associates Inc.
- Guardian Capital
- IGM Financial Inc.
- Sprott Inc.

The 2015 Gallagher McDowall review concluded that the compensation of the Company's independent directors continues to be well below that of the peer group. After due consideration of the consultants' findings and recognizing that no changes had been made in two years and that the work load of the directors has increased as the Company pursues its strategic plan, the Compensation Committee recommended to the Board the following directors compensation program for fiscal 2016:

Deferred Shared Unit Plan for Non-Employee Directors

In 2007, the Company established a Deferred Share Unit Plan ("DSU Plan") to enhance alignment of the interest of directors with those of the shareholders. The DSU Plan permits directors to accept up to 100% of their director fees in the form of Deferred Share Units ("DSUs"). Two directors elected to receive all of their director fees as DSUs in 2016. Two directors elected to receive 50% of their director fees as DSUs.

DSUs granted to directors fully vest upon an award, but payments are only made when the director has ceased to be a member of the Board. DSUs are granted to participating directors on the last day of each quarter unless otherwise determined by the Compensation Committee. The number of DSUs (including fractional DSUs) granted to a participating director is determined by dividing the amount of the director's retainer fees he or she elects to receive in the form of DSUs by the fair

market value of the Class B Non-Voting Shares on the date on which the DSUs are granted to a director. Additional DSUs are received as dividend equivalents. Upon the resignation, retirement or termination of the director's service on the Board, the Company shall have the discretion to pay the director the fair market value of the DSUs in cash or purchase Class B Non-Voting Shares of the Company on behalf of the director on the open market. Payments are made net of any applicable statutory source deductions.

Director Share Ownership Policy

All directors are required to own at least three times their annual retainer as a Board member of AGF in Class B Non-Voting Shares and/or DSUs. This ownership threshold is required to be achieved within 24 months upon appointment. The policy permits the Board to make exceptions to this policy as a result of significant market events or the unique financial circumstances of a director.

As at November 30, 2016, all directors are in compliance with the Director Share Ownership Policy. Ms. Kathleen Camilli was appointed to the Board on June 23, 2015, and as such is expected to meet director ownership guidelines within 24 months of her appointment.

In 2001, the Company implemented a Share Purchase Assistance program for the Board to encourage directors to own Class B Non-Voting Shares. As part of the Share Purchase Assistance program, the Company will reimburse directors for an amount equal to one-half of the purchase price for the initial number of Class B Non-Voting Shares required to be held by a director under AGF's Director Share Ownership Policy, provided that such purchases are made within 24 months of such director's appointment to the Board.

Assessments

The Board and each Committee assess their performance by reviewing their achievement in relation to their charters. Each Committee reports to the Board annually on its performance in relation to its charter.

Each Board member completes an annual individual director self-assessment and returns the completed assessment to the lead director. The lead director reviews the individual self-assessments and presents the consolidated results to the Nominating and Corporate Governance Committee. In addition, each Board member completes an annual Board and Board committee effectiveness questionnaire and returns the completed questionnaire to the Nominating and Corporate Governance Committee Chair. The Nominating and Corporate Governance Committee, together with the lead director, discuss the results of the individual director self-assessment and the results of the Board and Board committee effectiveness questionnaire and recommend to the Board any changes to enhance the performance of the Board and its Committees. The lead director conducts confidential, one-on-one interviews with each Board member about the performance of each director and the group as a whole.

CODE OF BUSINESS CONDUCT AND ETHICS

All directors, officers and employees of the Company are subject to a Code of Business Conduct and Ethics (the “Code”) that outlines the standards by which they must conduct themselves in their business dealings. Compliance with the Code is a matter of utmost importance and a breach of any of its provisions is grounds for a warning, revision of responsibilities, suspension or dismissal, with or without notice, depending on the particular circumstances. All directors, officers, and employees of the Company are required to acknowledge their understanding and agreement to comply with the Code annually. New employees receive the Code and are asked to acknowledge their understanding and agreement to comply with the Code as part of the new employee orientation.

The Code is available on www.agf.com as well via SEDAR at www.sedar.com. The Company uses a confidential and anonymous reporting system that allows officers and employees to report illegal activities, accounting and financial irregularities and breaches of the Code through the web or toll-free number. The reporting system is run by an independent third party supplier. Depending on the nature of the report, the report is investigated by either Internal Audit or Human Resources and is reported to the Audit Committee quarterly.

Management also prepares an annual compliance report to the Nominating and Corporate Governance Committee noting any Code violations and resolutions. The Nominating and Corporate Governance Committee annually reviews the Code and recommends to the Board the adoption and approval of the Code.

During the fiscal year, no issue came to light which required material change reports to be filed with respect to conduct of directors or executive officers that constituted a departure from the Code.

Directors and executive officers are required to report potential conflicts of interest, including any personal interest in a business transaction or proposed business transaction involving the Company, to the Chairman and CEO.

COMPENSATION DISCUSSION AND ANALYSIS

Letter from Chair of the Compensation Committee

Dear Shareholder,

AGF's approach to executive compensation is first and foremost to pay for performance while ensuring compensation programs are aligned with our compensation philosophy. In addition, we ensure alignment of executive compensation with effective risk management. We believe that this approach will create sustainable value for all shareholders over the long term. The various pay plans that reflect our approach to executive compensation are explained in the Compensation Discussion and Analysis section of the AIF.

This year the Compensation Committee:

- Reviewed our executive compensation to ensure our program continues to be fair and competitive with the appropriate markets for key executive talent.
- Determined and approved appropriate performance metrics relative to our earnings levels.
- Reviewed and approved the compensation of the members of the Company's executive team.
- Ensured that our executive compensation disclosure practices are current and up-to-date.
- Reviewed the compensation of the independent directors and made appropriate recommendations to the Board.

Solid progress was made by Mr. Goldring and his executive management team in 2016 in leading the Company towards its strategic directions of refocusing its core business, growing its institutional offerings, and fostering strategic alliances.

Succession Planning

The Company has a formal succession planning process for the CEO and other senior executives that is monitored by the Compensation Committee. Each year, the Compensation Committee reviews the availability and development of leadership candidates for the roles of the CEO and

other senior executives. The Compensation Committee discusses any gaps in the succession plan and the progress made since the prior review, and reports to the Board.

Compensation Philosophy

The Company's executive compensation program is designed to reinforce a strong link between pay and performance in order to:

1. Attract leading talent;
2. Retain and motivate top performers who can further AGF's progress to be the premier Canadian-based investment solutions firm;
3. Promote a pay for performance culture with an emphasis on variable compensation, specifically annual incentives; and
4. Position AGF's compensation at the median of its target comparator group for target performance and above median for superior performance, with exceptions based on individual contribution and importance of each role at various points in time.

Market Positioning

In determining compensation for executives, including the NEOs, the Compensation Committee considers the compensation practices of a comparator group of Canadian companies that generally are in direct competition with AGF for market share and talent and have similar lines of business and scope of operations occasionally adjusted or augmented depending on the specific position. The composition of the comparator group is reviewed by the Committee on an annual basis for its suitability for the purposes of the Company's compensation practices. The comparator group used for NEOs compensation reviews currently consists of the following:

- CI Financial Corp.
- Dundee Corporation
- Fiera Capital Corporation
- Gluskin Sheff + Associates Inc.
- IGM Financial Inc.
- Sprott Inc.

In addition to publicly disclosed data, the Committee also considers proprietary compensation surveys as well as more in depth compensation analysis and consulting. The survey and analysis used in the most recent reviews for the NEOs was McLagan's Investment Management Compensation Survey.

The use of comparative market data is just one of the factors used in setting compensation for the NEOs. An NEO's compensation could be higher or lower than suggested by the comparator data as a result of personal performance, skills, specific role or experience.

Compensation Consultants

Since 2010, the Compensation Committee has retained the services of Gallagher McDowall as compensation consultants to provide market data and advice as required on executive compensation, director compensation and technical analysis of the market data in light of the Company's compensation plans and practices. No position-specific compensation reviews of the senior officer positions were conducted by Gallagher McDowall in fiscal 2016. Gallagher McDowall provided expert advice to the Committee during fiscal 2016 on the compensation of the independent Directors and assisted management in the drafting of the fiscal 2015 executive compensation disclosures. Decisions made by the Compensation Committee, however, are the responsibility of the Compensation Committee and may reflect factors and considerations other than the information and recommendations provided by Gallagher McDowall. While Gallagher McDowall may also provide other consultancy services to the Company with the full knowledge of the Compensation Committee, neither the Board nor the Compensation Committee are required to pre-approve these other services.

All Other Fees (not related to executive compensation)	\$22,187	\$0

Components of Total Compensation

AGF's executive compensation program consists primarily of the following elements with the purposes set forth below:

Compensation Element	Purpose of Element
Base Salary	To provide stable and competitive income
Annual Incentive	To motivate and reward short-term behaviours, actions and results that drive long-term value creation
Long-Term Incentives	To encourage executives to maximize long-term shareholder value, provided in the form of AGF Class B stock options, Restricted Share Units ("RSUs"), Performance Share Units ("PSUs") and/or Deferred Share Units ("DSUs").
Benefits and Perquisites	To provide above average benefit protection, with less emphasis on retirement income and perquisite benefits

To accomplish both its short-term and long-term objectives, AGF's compensation program emphasizes pay-for-performance, with two variable components. These variable components include annual and long-term incentive plans which are used to align each component of incentive compensation with AGF's short and long-term business objectives. Specifically, the relative mix of total direct compensation at target performance for 2016 for the NEOs was as follows:

Title	Percentage of Target Total Direct Compensation ⁽¹⁾			Percentage of Pay at Risk
	Base Salary	Annual Incentives Target	Long-term Incentives Target (Stock Options, RSUs, and PSUs)	
Chairman and CEO	26%	51%	23%	74%
SVP and CFO	42%	42%	16%	58%
EVP and Head of Corporate Development	47%	53%	0%	53%
Vice Chairman	65%	35%	0%	35%
President and CIO ⁽²⁾	30%	40%	30%	70%
EVP and COO	35%	50%	15%	65%

Notes:

- (1) The Company's NEOs Total Direct Compensation is the sum of base salary, annual incentive, and long-term incentives and reflects the pay for performance philosophy decisions made by the Compensation Committee. It excludes other compensation that is one-time in nature such as signing bonuses and awards.
- (2) The CIO's Annual Incentives Target includes one-third of his Special AUM Incentive Plan target.

The Compensation Committee has considered the implications of the risks associated with the Company's compensation policies and practices. The Compensation Committee has reviewed the Company's compensation policies and practices and concluded they do not encourage executive officers to take inappropriate or excessive risks. As discussed below, a significant portion of variable compensation for executives is deferred in the form of RSUs, PSUs and stock options to maintain the focus of the executives on sustained long term performance.

As well, the Company has adopted a policy which prohibits executives and members of the Board from purchasing financial instruments that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation.

Listed below are the various components of compensation that executives (including the NEOs) may receive, depending on the executive's role within the organization:

Base Salary

Salaries for all employees, including executive officers, are based on each individual's responsibilities, performance and relevant competitive market data. The salaries for executive officers have been established within competitive ranges taking into account the Company's size and position in the industry. Adjustments to base salary are generally considered on an annual basis taking into account the executive's overall performance, experience and values for comparable roles in the market place within the comparator group. Mr. Basaraba's salary was increased from \$225,000 to \$275,000 upon his appointment as SVP and CFO. No changes were made to the base salaries of the other NEOs during fiscal 2016.

Performance Based Incentives

Annual Incentive

The annual incentive is intended to reward contribution and performance for the relevant fiscal year. The range of potential annual incentive is based on a percentage of base salary and is reviewed annually taking into account all compensation elements. For executive officers, specific annual performance and annual incentive amounts are determined based on whether pre-determined annual financial performance and key strategic objectives are met. Depending on the role, incentive targets vary ranging from 100% to 200% of base salary while the actual annual incentive award can range from zero to two times the target award.

At the beginning of each year, performance objectives along with the corresponding incentive payout multiplier ranges are set for each of the NEOs for the financial and strategic components of the annual incentive plan. For 2016, with the exception of the Vice Chairman, the NEO performance objectives were based 50% on the achievement of AGF Investments' earnings before interest and taxes ("EBIT") compared to historical levels, and 50% on the achievement of each NEO's strategic and key departmental objectives, such as operational efficiency, risk management, sales growth, talent management and leadership strategies. The 2016 NEOs' annual incentive awards are discussed under *Assessment of Annual Performance*.

The following table outlines the performance measures and weightings for each NEO for the fiscal year ended November 30, 2016:

	Chairman and CEO	SVP and CFO	EVP and Head of Corporate Development	Vice Chairman	President and CIO	EVP and COO
	Blake C. Goldring	Adrian Basaraba	Robert J. Bogart	W. Robert Farquharson	Kevin McCreadie	Judy G. Goldring
AGF Investments EBIT	50%	50%	50%	-	50%	50%
Strategic and Individual Objectives	50%	50%	50%	100% ⁽¹⁾	50%	50%

Note:

Three-Year Special AUM Incentive

The Company's President and Chief Investment Officer, Kevin McCreadie, is a member of the AGF Investments AUM Incentive Plan, which is designed to reward growth in AGF Investments' assets under management (adjusted for median benchmark performance) over the three-year period from December 1, 2014 to November 30, 2017. Payout will be in cash following the end of fiscal 2017.

Long-Term and Mid-Term Incentive Plans

The Company provides long-term incentive compensation in part through the Company's share-based plans: the stock option plan, the deferred share unit plan and the employee share purchase plan. The employee share purchase plan allows interested employees, subject to eligibility, to become shareholders, which directly aligns their interests with those of non-employee shareholders. The stock option plan also aligns participants' interests with those of shareholders where employees are rewarded only if the share price has increased beyond the strike price after a vesting period.

The Company also provides mid-term incentive compensation through the AGF Partners Incentive Plan and an employee share unit plan. The employee share unit plan is a three-year equity based compensation plan which provides for the grant of RSUs and PSUs and is designed to ensure incentive opportunities continue to align executive and senior management compensation with shareholder returns.

The AGF Partners Incentive Plan

In 2010, AGF introduced the Partners Incentive Plan, which is a compensation plan for selected senior management employees.

The purpose of the plan, which operates in conjunction with current AGF annual and long-term incentive plans, is designed to further align the efforts of senior management with both annual profitability and long-term shareholder value. Through partners' points granted annually and tied to a predetermined percentage of AGF Investments' EBIT, the Partners Incentive Plan focuses the efforts of plan participants on profitable annual growth. The number of partners' points granted to eligible participants is based on their role, the nature of their function and their performance. The realized value of the partners' points depends on whether AGF Investments meets or surpasses the pre-established EBIT minimum thresholds. Subsequent to the plan year, the final value of each partner's points is reviewed by the CEO and then converted into RSUs and/or stock option grants, as elected by each participant, thereby aligning participants' compensation with the Company's long-term value.

The portion of the partners' points payable in the form of stock options is granted under the Company's stock option plan and is subject to time-based vesting conditions as set in that plan. The portion of the partners' points payable in the form of RSUs vest one-third annually over three years. Dividend credits are reinvested in the form of additional RSU units credited to the participants' accounts on the record date for such dividends.

Two of the 2016 NEOs currently are participants in the Partners Incentive Plan: Adrian Basaraba, Senior Vice President and CFO, and Judy G. Goldring, Executive Vice President and COO.

The following table for 2016 shows the value of the Partners Points awarded and their conversion:

Value of Partners Points and Conversion to Stock Option and/or Restricted Share Units		
NEO	Value of Partners Points Based on 2016 AGF Investments EBIT Results	Conversion of Award in February 2017
Adrian Basaraba	\$99,076	100% Stock Options
Judy G. Goldring	\$107,313	100% Stock Options

Stock Option Plan

The purpose of the stock option plan is to advance the interests of the Company by:

- Providing certain key employees with additional incentive;
- Encouraging stock ownership by such employees;
- Increasing their proprietary interest in the success of the Company;
- Encouraging them to remain employees of the Company; and
- Attracting new key employees.

Each year, the CEO recommends to the Compensation Committee for review the stock option grants for each of his direct reports, which include the NEOs and other senior employees. The Compensation Committee reviews the proposed grants and makes a recommendation to the Board for grants to non-director NEOs and other senior employees. The Compensation Committee evaluates the performance of the CEO and makes a recommendation to the independent directors of the Board for a grant to the CEO. The Compensation Committee also makes a recommendation to the independent directors of the Board for grants to management directors. The number of stock options granted to stock option plan participants is based on the number of options available for grant and the terms of the outstanding options, as well as the total compensation mix and the participant's annual performance, responsibilities and potential to contribute to the Company.

The grant of an option provides a participant with the right to subscribe for a Class B Non-Voting Share at the fair market value which means the higher of the volume weighted average trading price of the Class B Non-Voting Shares as reported on the TSX for the five trading days immediately preceding the date of grant and the closing price of the Class B Non-Voting Shares on the day preceding the grant.

The option price for all Class B Non-Voting Shares on the exercise of each option is paid in full at the time of such exercise. An employee may receive options on more than one occasion under the plan. The Board may determine when any option shall become exercisable and may determine that an option shall be exercisable in installments, and it may impose such other restrictions as it shall deem appropriate. In any event, options are not exercisable later than 10 years after the date of grant. Stock options will vest in four equal installments each year, commencing one year after the date of grant.

The stock option plan provides that the number of Class B Non-Voting Shares: (i) issued to insiders within any one year period; and (ii) issuable to insiders at any time, under the plan and under all

other security based compensation arrangements of the Company, shall not exceed 10% of the number of Class B Non-Voting Shares that are outstanding from time to time.

Options are not transferable by the participant otherwise than by will or the laws of descent and distribution, and are exercisable during the lifetime of a participant only by the participant and after death only by the participant's legal representative. In the event that a participant ceases to be an employee for any reason other than death, retirement, or disability each of the options held by the participant that are fully exercisable on the date of termination of employment are exercisable at any time within 30 days after the date of termination of employment. In the event of termination of employment as a result of retirement, disability or death, all of the participant's options are exercisable at any time within one year after the date of termination, whether or not otherwise fully exercisable on that date, but no option will be exercisable after its stated termination date. Options granted under the stock option plan may become exercisable prior to their vesting period on the occurrence of events constituting a change of control.

Subject to compliance with the applicable rules of the TSX, the Board may from time to time amend, suspend or terminate the plan or the terms of any previously granted option, provided that no such amendment to the terms of any previously granted option may (except as expressly provided in the plan, or with the written consent of the holder of such option) adversely alter or impair the terms or conditions of such option.

The following table provides information as at November 30, 2016 regarding the total number of Class B Non-Voting Shares issued and the number of Class B Non-Voting Shares issuable under the stock option plan which has been approved by security holders:

	As at November 30, 2016
Maximum Number of Class B Non-Voting Shares issuable	8,393,573 Class B Non-Voting Shares are issuable under this plan, representing 10.63% of the outstanding Class B Non-Voting Shares.
Stock Options Currently Issued	6,854,582 Class B Non-Voting Shares to be issued upon exercise of outstanding options. Outstanding options represent 8.68% of the outstanding Class B Non-Voting Shares. The weighted average exercise price of outstanding options is \$8.85.
Available for Issuance	1,541,536 options remain available for issuance (after taking into account options that have been cancelled or expired), representing 1.95% of the outstanding Class B Non-Voting Shares.
Options Granted in Year (the annual "burn-rate")	1,610,394 options were granted in 2016, representing 2.04% of the outstanding Class B Non-Voting Shares.

The Board approved stock option grants to four NEOs for fiscal 2016 as follows:

NEOs	Grant Date	Award Type	Options Fair Value
Blake C. Goldring	February 2017	Discretionary annual award	\$375,000
Adrian Basaraba	February 2017	Partners Incentive Plan award	\$99,076
Kevin McCreadie	February 2016	Stock Options award ⁽¹⁾	\$375,000
	February 2017	Discretionary annual award	\$200,000
Judy G. Goldring	February 2017	Partners Incentive Plan award	\$107,313

Note:

(1) Granted as per Mr. McCreadie's employment agreement.

The exercise price of the stock option grants will be determined based on the compensation value of the Company's Class B Non-Voting Shares at the time of grant as discussed in the footnotes to the Summary Compensation Table. The stock options grants to the NEOs above have a term of seven years and will vest in four equal installments each year commencing one year after the date of grant.

Employee Share Unit Plan

The Company's Employee Share Unit Plan, which provides for the grant of PSUs and RSUs, was implemented in fiscal 2006.

RSUs

The number of RSUs granted is based on the value of the grant divided by the fair market value which is the average of the high and low prices at which AGF Class B Non-Voting Shares are traded on the TSX during the five trading days preceding the date of grant. The vesting period of RSUs is three years based on the participant's continued employment or continued engagement. Dividends are reinvested in the form of additional units credited to the participants' account on the record date for such dividends. RSUs earn dividend credits in the form of additional RSUs, as applicable, at the same rate as dividends are paid on the Class B Non-Voting Shares. RSUs become available for redemption no later than the third-year anniversary following the grant date. Upon redemption, a participant receives an equivalent value of units of AGF Class B Non-Voting Shares (net of applicable withholdings or deductions). Upon receipt of the shares, the related RSU grant is cancelled.

In 2016, the Board approved grants of RSUs to Mr. Basaraba and Mr. McCreddie under the Employee Share Unit Plan as set out in the table below:

NEO	Grant Date	Award Type	RSU Grant Value
Adrian Basaraba	July 2016	CFO Promotion Award	\$50,000
Kevin McCreddie	February 2016	Annual Award ⁽¹⁾	\$375,000

Note:

(1) Granted as per Mr. McCreddie's employment agreement.

PSUs

The number of PSUs granted is based on the value of the grant divided by the fair market value which is the average of the high and low prices at which AGF Class B Non-Voting Shares are traded on the TSX during the five trading days preceding the date of grant. The vesting period of PSUs is three years based on achievement of predetermined performance goals and the participant's continued employment or continued engagement. Dividends are reinvested in the form of additional units credited to the participants' account on the record date for such dividends. PSUs earn dividend credits in the form of additional PSUs, as applicable, at the same rate as dividends are paid on the Class B Non-Voting Shares.

No PSUs were granted in 2016.

DSUs

DSUs are notional shares that cannot be settled before an employee's retirement date or earlier termination from the company. The number of DSUs granted is based on the value of the grant divided by the fair market value which is the average of the high and low prices at which AGF Class B Non-Voting Shares are traded on the TSX during the five trading days preceding the date of grant. DSUs earn dividend credits in the form of additional DSUs, as applicable, at the same rate as dividends are paid on the Class B Non-Voting Shares.

No DSUs were granted in 2016.

Employee Share Purchase Plan

The employee share purchase plan is available to all salaried employees. The Company matches a percentage of the employee's contribution based on the employee's level within the Company. The percentage applicable for NEOs is 60% of their own contribution up to a maximum of 6% of base salary. The matching program is intended to provide an opportunity for employees to own the Company's shares, reinforcing the Company's philosophy that employees' rewards should be linked to the Company's performance.

Benefits

It is the Company's policy to provide all employees with an above average basket of benefits to provide for health care and life insurance needs. NEOs are eligible to participate in this group benefit program on an enhanced basis for life insurance and medical benefits.

Perquisites

The Company provides club memberships, annual health assessments and parking benefits to its senior executives, the value of which is less than 10% of salary for each NEO and less than \$50,000 for the CEO and the CIO.

Group RRSP

The Company provides a Company sponsored group RRSP plan for retirement. During the fiscal period ended 2016, certain employees of the Company (including the NEOs) were eligible for contributions by the Company of up to \$25,370 per year to the group RRSP plan.

The Company does not provide its executives with supplementary retirement benefits.

Executive Share Ownership Guidelines

To ensure that the interests of executives are aligned with the interests of shareholders, AGF adopted share ownership guidelines for its executives in November 2006. The Company amended these guidelines in fiscal 2013 to reflect the current organizational structure, compensation programs and leadership roles. The share ownership guidelines provide that the value of Class B Non-Voting Shares (excluding stock options) held by AGF executives should equal a multiple of their base salary. New executives are required to meet the requirements within five years following

the commencement of their employment as an executive of the Company. The new share ownership requirements for the NEOs who are subject to the minimum share ownership requirements are set out below:

Minimum Share Ownership Requirements for Named Executive Officers			
Named Executive Officer	Minimum Ownership Requirement (as multiple of base salary)	Minimum Ownership Requirement	Requirement Met?
Blake C. Goldring Chairman and CEO	5 times	\$2,750,000	Yes
Adrian Basaraba SVP and CFO	2 times	\$550,000	On-track ⁽¹⁾
Robert J. Bogart EVP and Head of Corporate Development	3 times	\$1,050,000	On-track ⁽²⁾
W. Robert Farquharson Vice Chairman	3 times	\$1,080,000	Yes
Kevin McCreadie EVP and CIO	3 times	\$1,560,000	Yes
Judy G. Goldring EVP and COO	3 times	\$1,050,000	Yes

Notes:

(1) Mr. Basaraba has until the end of fiscal 2021 to meet the minimum share ownership requirement.

(2) Mr. Bogart has until the end of fiscal 2017 to meet the minimum share ownership requirement.

Assessment of Annual Performance

Each year, performance objectives for the CEO are established by the independent Compensation Committee established by the Board, and approved by the Board. Performance objectives for other NEOs are established by the CEO.

The Compensation Committee evaluates the performance of the CEO. This performance evaluation is based upon the CEO achieving objectives related to the Company's financial and strategic objectives. The CEO evaluates the performance of NEOs based upon the achievement of their objectives as set out in their 2016 business plans, which are approved by the Board. The CEO recommends the NEOs' annual incentive awards to the Compensation Committee. The Compensation Committee reviews the CEO's recommendations, and the Board approves the annual incentive awards for NEOs who are not directors. Independent Directors of the Board approve the annual incentive awards for all management directors.

While the Compensation Committee examined a number of factors when considering annual incentive awards to the NEOs, the following factors received equal weight: the Company's performance reflected in the Company's EBIT financial results, and the execution of strategic objectives.

Strategic objectives for the NEOs in 2016 included emphasis on four areas of focus:

- Continue to improve investment performance
- Grow the retail business by expanding distribution relationships and developing new and innovative product solutions
- Leverage the capabilities of Highstreet Asset Management Inc. and FFCM in order to launch new products
- Further diversify the Company's business and revenue streams by investing in the alternatives platform business.

The Company's EBIT results were 70.6% below the historical target for 2016. The Company continued to execute on key annual and long-term strategic objectives, although not all were completed by the end of 2016. For fiscal 2016, bonus compensation for the NEOs is aligned with these performance results as follows:

	Bonus Payout as Percentage of Target Bonus				
	SVP and CFO	EVP and Head of Corporate Development	Vice Chairman	President and CIO	EVP and COO
	Adrian Basaraba ⁽¹⁾	Robert J. Bogart ⁽²⁾	W. Robert Farquharson	Kevin McCreadie ⁽³⁾	Judy G. Goldring
AGF Investments Inc. EBIT	88%	70.6%	-	100%	70.6%
Strategic and Individual Objectives		86%	100% ⁽⁴⁾	100%	93%

Notes:

- (1) Mr. Basaraba was a member of the General Staff Bonus Plan in 2016. He will be a member of the Executive Bonus Plan in 2017.
- (2) Bonus relates to both CFO and Head of Corporate Development roles.
- (3) Guaranteed annual bonus as per Mr. McCreadie's employment agreement.
- (4) Guaranteed annual bonus.

Based on the foregoing analysis, Adrian Basaraba, was awarded a bonus of \$242,000, Robert J. Bogart was awarded a bonus of \$212,250 with respect to his prior position as CFO and \$140,000 with respect to his position as EVP and Head of Corporate Development. Mr. Bogart also received a discretionary bonus of \$250,000 in lieu of future long term incentive grants. Judy G. Goldring was awarded a bonus of \$410,000. Kevin McCreadie was awarded a fiscal 2016 bonus of \$680,000 in accordance with the terms of his employment contract. In his capacity as Vice-Chairman, W. Robert Farquharson has been guaranteed a minimum annual bonus of \$200,000 by the Board. The bonus awarded by the Board to the CEO, Blake C. Goldring, is discussed below.

The Compensation Committee is satisfied that NEOs annual incentive awards are appropriate given the foregoing achievements of the NEOs for 2016.

Compensation of the Chief Executive Officer

The process for setting the CEO's compensation is the same process applied to other executive officers of the Company. This process reflects the Company's compensation philosophy that long-term productivity, loyalty and commitment to the firm's stakeholders should be encouraged, that performance-driven annual incentive payments rather than salary should be emphasized, and that

compensation is driven by the Company's financial and strategic performance as well as competitive compensation practices in Canada.

The Compensation Committee is satisfied that the CEO's compensation in 2016 reflected the Company's compensation philosophy. The most significant portions of the CEO's compensation are based on performance-driven annual incentive and long-term incentive plans. In considering its recommendations to the Board, the Compensation Committee recognized the Company's below target financial performance and the status of the strategic objectives, as well as the CEO's contribution toward developing the Company's management team, and providing overall leadership in a manner consistent with the Company's mission, vision, and guiding principles. Based on the CEO's achievement and the annual incentive Plan's performance matrix, the CEO was eligible to receive an annual incentive payment of \$700,000 equal to 63.6% of his target of \$1,100,000.

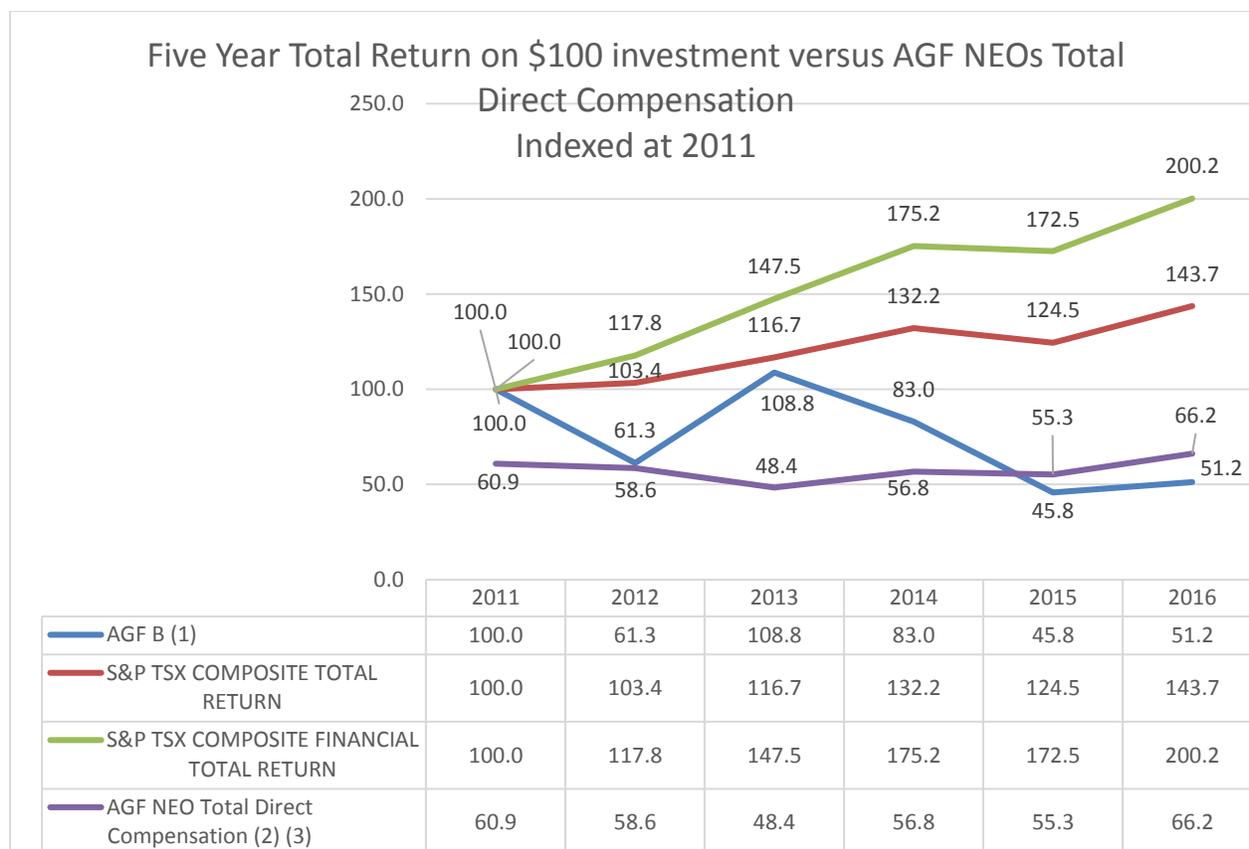

The Compensation Committee develops the CEO's stock option compensation to link total CEO compensation to the Company's long-term performance. For 2016, Mr. Goldring will receive an option grant with a compensation value of \$375,000. The exercise price of the stock option grant will be determined based on the compensation value and the Company's Class B Non-Voting Share price at the time of grant. The stock options grant to Mr. Goldring will have a term of seven years and will vest in four equal installments each year commencing one year after the date of grant. The stock option grant for 2016 reflects the CEO's expected future contributions to the organization and recognizes the CEO's key role to position the Company to ensure success over the long-term.

Fiscal 2017

Mr. McCreadie's target bonus for fiscal 2017 is being increased by \$300,000. In addition, he will receive a DSU award for fiscal 2017 of \$500,000 that will vest at the end of fiscal 2021.

Notes:

- (1) Amounts shown represent the compensation values used to determine the number of stock options awarded or to be awarded to the NEOs. All stock options were granted to NEOs with a compensation value factor of 20% instead of applying the Black-Scholes factor used for determining fair value in the Company's consolidated financial statement ("Accounting Fair Value"). Using the compensation value factor resulted in fewer options being granted to the NEOs than by using the Accounting Fair Value factors. The accounting assumptions and the per share values are shown in the following table:

SENIOR MANAGEMENT DIVERSITY INITIATIVES

AGF employs a comprehensive talent framework for members of management, which seeks to identify and track talent semi-annually with regard to several factors including: succession, individual aspirations and career growth opportunities. Special attention is given to ensuring diversity, including gender diversity, within the talent pool during the calibration process for current and emerging leaders. To support our progress in assessing and developing a diverse pipeline of talent beyond individual development plans, AGF specifically takes the following additional steps with regard to fostering gender diversity and female talent:

- Judy Goldring, Executive Vice President and COO has been involved in hosting workshops and networking events for women to encourage greater dialogue, networking and sponsorship for female employees.
- As part of AGF's ongoing semi-annual leadership development initiatives, efforts are made to educate all leaders about diversity factors, including the impact of unconscious bias in the workforce and its resulting effect on female leadership.
- AGF retains talent search firms that support an existing network of female candidates in order to ensure at least one female finalist in certain key employment searches.

Since 2012, AGF has taken a lead position in increasing the representation of women in leadership positions. Specifically, AGF launched a Women's Alliance Network and gender balanced recruiting practices to ensure a balanced slate of qualified candidates for senior leadership positions. We also continue to provide opportunities for women leaders at AGF to liaise with the broader female investment advisor community on the topic of women as leaders in investing and supporting female advisors. In 2013, we began to focus recruitment efforts for key senior management roles to include female finalists. AGF abides by all Human Rights Code employment requirements in addition to ensuring a balanced slate of qualified female and male candidates for senior leadership positions. This gender balance requirement extends to all external recruitment vendors.

AGF closely monitors Senior Management Diversity both from a key performance metric (KPI) perspective, as well as from a recruitment perspective, to ensure we are working towards our goals and objectives. We are satisfied we are on the appropriate track for a diverse and inclusive workplace. AGF is committed to recruiting for senior leadership positions, including executive officer roles, among talented individuals that are the most qualified to perform the requirements of each position. AGF seeks to obtain the best available candidate, while also recognizing the benefits to AGF of advancing the principles of diversity in all respects, including gender. AGF had 2 of 6 women holding Executive Vice President roles, representing 33% of all executive officer positions. Further, AGF (including AGF Investments – AGF's major subsidiary) is on a continued track of also having a representative percentage of women within senior management positions – 24% as of November 30, 2016.
