## Our Team

AGF's quantitative investment team is intellectually diverse and multi-disciplined with a focus on factor-based investing. The team's approach is grounded in the belief that investment outcomes can be improved by assessing and targeting the factors that drive market returns.

## Our Difference

AGF's quantitative investment team's philosophy is based on the belief that outcomes can be improved by assessing and targeting the factors that drive market returns. Given this philosophy, the team's objective is to provide better risk-adjusted returns through our construction of innovative investment portfolios that successfully balance risk management with opportunities for growth.

## Our Process

Through the use of quantitative multi-factor investment processes, the team evaluates securities in order to construct portfolios that successfully balance risk management with opportunities for growth. A disciplined, transparent and repeatable investment approach guided by factor and risk models, allows for intelligent and informed allocations in order to achieve investment objectives.

## For more Information visit [AGF.com](https://www.agf.com)

AGF ETFs are ETFs offered by AGF Investments Inc. ETFs are listed and traded on organized Canadian exchanges and may only be bought and sold through licensed dealers.

Commissions, management fees and expenses all may be associated with ETF investments. Please read the prospectus before investing. The indicated rates of return are the historical annual compounded total returns including changes in share or unit value and reinvestment of all dividends or distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any securityholder that would have reduced returns. ETFs are not guaranteed, their values change frequently and past performance may not be repeated.

The information contained herein was provided by AGF Investments Inc. as at October 31, 2023 and intends to provide you with information related to the ETF at a point in time. It is not intended to be investment advice applicable to any specific circumstances and should not be construed as investment advice. Market conditions may change, impacting the composition of a portfolio. AGF Investments Inc. assumes no responsibility for any investment decisions made based on the information provided herein.

References to specific securities are presented to illustrate the application of our investment philosophy only and do not represent all of the securities purchased, sold or recommended for the portfolio. It should not be assumed that investments in the securities identified were or will be profitable and should not be considered recommendations by AGF Investments.

This document is intended for advisors to support the assessment of investment suitability for investors. Investors are expected to consult their advisor to determine suitability for their investment objectives and portfolio.
