Most corporations that are taxable in Canada other than "financial intermediary corporations" and "private corporations" (within the meaning of the ITA) generally will be liable for a 10% tax under Part IV.1 of the ITA on taxable dividends received (or deemed to be received) on the Class B Non-Voting Shares to the extent that such dividends are deductible in computing the corporation's taxable income. In addition, a holder of Class B Non-Voting Shares that is a "private corporation" or "subject corporation" (within the meaning of the ITA), will generally be liable to pay a 38 1/3% for dividends received under Part IV of the ITA on dividends received (or deemed to be received) on the Class B Non-Voting Shares.

Committees of the Board

The Board has established three committees: the Audit Committee, the Nominating and Corporate Governance Committee and the Human Resources and Compensation Committee. Each committee sets aside time at each committee meeting to meet independently without management's presence. In addition, the Audit Committee meets with the internal and external auditors without management's presence at least quarterly. The Board has developed written position descriptions for the Chair of each of these committees.

The Audit Committee

At the beginning of 2022, the Audit Committee was composed of five members, all of whom were independent: Douglas L. Derry (Chair), G. Wayne Squibb, Ian Clarke, Kathleen Camilli, and Jane Buchan. Douglas Derry was Chair and a member of the Audit Committee until his resignation from the Board on January 24, 2023 and Mr. Clarke succeeded Mr. Derry as Chair. All members of the Audit Committee are financially literate for the purposes of National Instrument 52-110 – *Audit Committees*. In addition to each member's general business experience, the education and experience of each Audit Committee member that is relevant to the performance of responsibilities as an Audit Committee member is described in their director biographies. See *Corporate Governance – Directors*.

The Audit Committee has been established by the Board to enable the Board to fulfill its oversight responsibilities in relation to:

- the integrity of AGF's financial reporting;
- AGF's internal controls and disclosure controls;
- AGF's internal audit function;
- pre-approve all audit engagements and non-audit engagements and establish the types of non-audit services the external auditors may provide;
- AGF's compliance with legal and regulatory requirements; and
- the qualification, performance, and independence of AGF's auditor.

The following table sets out, by category, the services rendered and fees billed by AGF's external auditor for the last two fiscal years:

	November 30, 2022	November 30, 2021
<u>Annual Audit:⁽¹⁾</u>		
Audit of AGF and Subsidiaries	\$ 1,045,000	\$ 949,200
Quarterly Reviews of AGF	\$ 133,000	\$ 120,750
Audits of overseas subsidiaries and associates	\$ 124,568	\$ 51,610
Total Audit Fees:	\$ 1,302,568	\$ 1,121,560
<u>Other Services Fees:</u>		
Audit-Related Fees	\$ 24,856	\$ 15,670
Tax Advisory Services	\$ 89,433	\$ 118,768
Other Services ⁽²⁾	\$ 51,589	\$ 262,875
Total Other Services Fees:	\$ 165,878	\$ 397,313

Notes:

(1) Fees do not include any fees related to services provided with respect to the funds managed by the Company's subsidiaries.

(2) Other services for November 30, 2021 relate primarily to Workday implementation and ISAE 3402 Report on Controls.

The written charter of the Audit Committee is disclosed as Exhibit B to this AIF. The Board has also established procedures for approval of audit and non-audit services by the external auditor. All fees paid to the independent auditor for 2022 were in compliance with such procedures.

The Nominating and Corporate Governance Committee

At the beginning of 2022, the Nominating and Corporate Governance Committee was composed of five members, all of whom are independent: Kathleen Camilli (Chair), G. Wayne Squibb, Douglas L. Derry, Jane Buchan, and Charles Guay. On September 27, 2022, Ms. Cybele Negris joined the Board and was appointed as a member of the Nominating and Corporate Governance Committee. On January 24, 2023, Mr. Derry resigned from the Board and as member of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee has the responsibility to annually review the skills and experience represented on the Board in light of AGF's strategic direction, and to recommend to the Board for consideration criteria and potential candidates who meet the criteria. An important element in the consideration of Board succession planning is the Board's annual assessment of its own performance and the performance of individual directors. The results of the Board and individual director evaluations serve to assist the Board in planning for Board recruitment, retirement, and to enhance the performance of the Board and its committees.

The Nominating and Corporate Governance Committee has the responsibility to determine the skills, qualities and backgrounds the Board needs to fulfill its responsibilities with a view to ensuring diverse representation on the Board. The Nominating and Corporate Governance Committee seeks candidates to fill any gaps in the skills, qualities and backgrounds of Board members and assesses a candidate's ability to make a valuable contribution to the Board.

The written charter of the Nominating and Corporate Governance Committee is disclosed as Exhibit C to this AIF.

The Human Resources and Compensation Committee

The Compensation Committee changed its name to the Human Resources and Compensation Committee effective November 22, 2022.

At the beginning of 2022, the Human Resources and Compensation Committee was composed of six members, all of whom were independent: Jane Buchan (Chair), Douglas L. Derry, G. Wayne Squibb, Kathleen Camilli, Ian Clarke, and Charles Guay. On September 27, 2022, Ms. Cybele Negris joined the Board and was appointed as a member of the Human Resources and Compensation Committee. On January 24, 2023, Mr. Derry resigned from the Board and as member of the Human Resources and Compensation Committee.

AGF's compensation program consists of four components: salary, annual incentives, benefits, and long-term incentives. On a biennial basis, the Human Resources and Compensation Committee reviews various published reports on compensation, as well as retains independent consultants, as appropriate, to assess competitiveness of the Company's compensation program. The Human Resources and Compensation Committee reviews the compensation of senior officers and directors in relation to other comparable companies. The Human Resources and Compensation Committee believes its compensation program provides a fair and competitive pay package that reflects an appropriate relationship between an executive's compensation and performance.

The written charter of the Human Resources and Compensation Committee is disclosed as Exhibit D to this AIF.

Position Descriptions

The Board has developed written position descriptions for the Chair, lead director, the Chair of each Board Committee, and individual Board member responsibilities. The Corporate Governance and Nominating Committee reviews these position descriptions annually and recommend any amendments to the Board.

The Board, together with the Chief Executive Officer, has developed a position description for the Chief Executive Officer.

Director Orientation

All new directors are provided with a director's orientation package and given access to the directors' online board portal which functions as a repository for historical meeting materials and directors' reference and resource materials. New directors are provided with the following information:

- Board organization, membership and meeting schedule;
- Board and committee charters;
- Board evaluation and compensation;
- Code of Business Conduct and Ethics;
- Corporate governance principles;
- Statutory and legal liabilities of directors;
- Details of directors' and officers' insurance coverage;
- Responsibility of key management functions;
- Corporate structure; corporate policies;
- Current annual and quarterly financial statements;
- Current strategic plan and budget;
- Management and third party reports regarding AGF's business and competitive environment;
- Recent public disclosure documents; and
- Simplified prospectuses for AGF Group of Funds and prospectuses for AGF ETFs.

The Nominating and Corporate Governance Committee makes available to new directors, opportunities to meet senior officers, internal and external auditors, and other members of the Board. Every new director will also have an opportunity to meet other members of management, as required.

The Nominating and Corporate Governance Committee is charged with monitoring the orientation given to new directors in respect of both the Company and their responsibilities and duties as directors of the Company.

Director Continuing Education

The Board recognizes the importance of ongoing director education. As a part of the Board's annual self-assessment, the Nominating and Corporate Governance Committee solicits the directors for topics of interest and relevance and arranges for presentations by key personnel or qualified outside consultants. Directors are also encouraged to attend external continuing education programs held by professional organizations and universities designed especially for directors of public companies.

Presentations and Updates – The Chief Executive Officer provides a quarterly update to the Board in which he reviews important areas of progress, current challenges, financial highlights, updates on core business, operations, legal and regulatory environment, and progress on key performance metrics. The Chair of each of the Board's Committees briefs the Board on the deliberations of the Committee since the last meeting of the Committee. In addition, management makes presentations to the Board and to the Committees of the Board when they are making key business decisions, on the Company's strategic plan, on topical issues from time to time, and in response to requests from directors. Presentations are made to the Board and to the Committees of the Board at regularly scheduled meetings to keep them informed of changes within the organization and in regulatory and industry requirements and standards. Directors are provided with regular updates by senior management concerning best practices in corporate and board governance and changes concerning the Company's business, legal and regulatory framework.

In addition to the above, directors' continuing education during fiscal 2022 included the following:

Audit Committee

- Anti-Money Laundering Policy Review and Training

Board

- AGF Insights – Outlook 2022

Wide Spectrum Participation – The Committees of the Board welcome the attendance of other directors who are not regular members of a Committee as guests. Although such a guest director does not vote on the deliberations of a Committee, he or she nevertheless gains a more detailed understanding of the issues, policies, regulatory environment, and specific concerns that drive the decision-making of the Committee.

Distribution of Media and Analyst Coverage – To help the directors develop an understanding of the public perception of the Company, particularly from an investor relations perspective, they are provided with copies of newspaper articles, analysts' reports, and articles in other publications in which the Company is mentioned or discussed.

Regular Review of Key Policies – The key governance, disclosure and ethics policies of the Company are regularly reviewed by the Board or an applicable Committee for compliance with changing regulations and best practices, and updated if required.

Directors' Online Access to Materials – The Company utilizes a secure, online board portal for delivery of Board and Committee meeting materials on a timely basis. This mode of delivery provides directors with ease of accessibility to both current meeting materials and reference materials. The online board portal is a repository for historical meeting materials and directors' reference and resource materials, including the Company's incorporating documents and by laws, organizational chart, policies, strategic plan, media coverage, Board and Committee charters, and Board education materials.

Nomination of Directors

The Nominating and Corporate Governance Committee works collaboratively with the Chair of the Board to identify and review candidates qualified to become Board members and it makes recommendations on new director

nominees to the Board for vacancies occurring during the year and to the Company's Class A Voting shareholders for the annual election of directors.

Before recommending a Board candidate, the Nominating and Corporate Governance Committee considers the competencies and skills (a) that are necessary for the Board as a whole; (b) that each existing director possesses; and (c) that each nominee will bring to the Board. The Nominating and Corporate Governance Committee maintains a matrix of the key relevant experiences and competencies each director possesses and identifies the competencies that would complement the existing Board. The skills matrix includes the following categories:

- Wealth Management
- Professional Accounting
- Capital Markets
- Private Capital/Alternatives
- Investment Funds/ETFs
- Legal/Regulatory
- Financial Services
- Marketing/Communications
- Executive Leadership
- International Financial Markets
- Customer Perspective
- Technology/Digital/Cyber
- Human Capital/DEI
- ESG/Sustainability

As part of the selection process, the Nominating and Corporate Governance Committee interviews the nominee and confirms that each interested nominee fully understands the role of a director and the contribution they would be expected to make if elected, including the commitment of time and energy that the Company expects of its directors. The Board generally has an opportunity to meet informally with the candidate before the candidate is formally nominated for election to the Board.

In addition, the Nominating and Corporate Governance Committee assesses whether the majority of the Board is independent according to applicable rules and regulations. It also annually reviews the competencies and skills required for each Board Committee, the results of individual director self-assessments and the results of the Board and Board committee effectiveness questionnaire, and recommends to the Board the composition of the Committees.

The Board is re-elected by the Company's Class A Voting shareholders on an annual basis. The Board Committees are re-elected by the Board on an annual basis.

Board Diversity

The Company has a Board Diversity Policy in place. The Board believes that a board made up of highly qualified directors from diverse backgrounds and who reflect the population demographics of the markets in which the Company operates, and its employees and client base, promotes better corporate governance. To support this, the Nominating and Corporate Governance Committee considers only candidates who are highly qualified based on

their experience, functional expertise, and personal skills and qualities, as well as diversity criteria including gender, age, background, ethnicity and geography identifying candidates to recommend for appointment/election to the Board. To help achieve its diversity aspirations, the Nominating and Corporate Governance Committee, if appropriate, may engage qualified independent external advisors to conduct a search for candidates that meet the Board's skills and diversity criteria.

As part of the Board's approach to diversity, the Board aspires to have increasing representation from diverse groups with at least 30% of its board members be women. The Nominating and Corporate Governance Committee considers this diversity target during its recruitment of board members. The Company (through Executive Chairman Blake Goldring) is a member of the 30% Club of Canada – a collection of businesses, through the efforts of their Chairs and CEOs, who are committed to better gender balance on boards and through all levels of leadership at their organizations. The Board has continued to meet its aspirational target since fiscal 2016. As at the date of this AIF, the current Board has 4 women directors, representing 40% of the ten directors.

To ensure the effectiveness of the Board Diversity Policy, the Nominating and Corporate Governance Committee will review the target annually. The Nominating and Corporate Governance Committee will make recommendations to the Board regarding any changes required to the Board Diversity Policy, target, composition of the Board, or its recruitment process to achieve the goals outlined in the Board Diversity Policy.

Compensation of Directors

The directors' compensation program is designed to attract and retain the most qualified directors to serve on the Board and its Committees. Executive officers of the Company who are also directors did not receive any compensation for their services in their capacities as directors.

On a biennial basis, the Human Resources and Compensation Committee reviews the compensation of the non-employee members of the Board, including Board and Committee member retainers against AGF's compensation peer group for senior officers and directors.

During 2022, the Human Resources and Compensation Committee reviewed competitive information provided by Gallagher Benefit Services (Canada) Group Inc. ("Gallagher") and recommended an increase to the board retainer effective fiscal 2023 from \$90,000 to \$100,000 and to increase the minimum percentage of directors' fees to be allocated to DSUs from 20% to 30% of the board retainer. The Board approved these changes effective fiscal 2023. For more information on Gallagher, see "Compensation Consultants".

Deferred Shared Unit Plan for Non-Employee Directors

In 2007, the Company established a Deferred Share Unit Plan ("DSU Plan") to enhance alignment of the interest of directors with those of the shareholders. The DSU Plan permits directors to accept up to 100% of their director fees in the form of Deferred Share Units ("DSUs"). In 2022, 4 directors elected to receive all of their director fees as DSUs; 1 director elected to receive 75% of their director fees as DSUs, 1 director elected to receive 50% of their director fees as DSUs; 1 director elected to receive 0% of their director fees as DSUs.

DSUs granted to directors fully vest upon an award, but payments are only made when the director has ceased to be a member of the Board. DSUs are granted to participating directors on the last day of each quarter unless otherwise determined by the Human Resources and Compensation Committee. The number of DSUs (including fractional DSUs) granted to a participating director is determined by dividing the amount of the director's retainer

fees he or she elects to receive in the form of DSUs by the fair market value of the Class B Non-Voting Shares on the date on which the DSUs are granted to a director. Additional DSUs are received as dividend equivalents. Upon the resignation, retirement or termination of the director's service on the Board, the Company shall have the discretion to pay the director the fair market value of the DSUs in cash or purchase Class B Non-Voting Shares of the Company on behalf of the director on the open market. Payments are made net of any applicable statutory source deductions.

Director Share Ownership Policy

All directors are required to own at least three times their annual retainer as a Board member of AGF in Class B Non-Voting Shares and/or DSUs. For directors joining the Board effective December 1, 2022 or after, this ownership threshold is required to be achieved within 5 years upon appointment. For directors that joined the Board prior to December 1, 2022, this ownership threshold is required to be achieved within 24 months upon appointment. The policy permits the Board to make exceptions to this policy as a result of significant market events or the unique financial circumstances of a director. Stock option values are excluded in determining the director ownership.

As at November 30, 2022, all directors are in compliance with the Director Share Ownership Policy.

In 2001, the Company implemented a Share Purchase Assistance program for the Board to encourage directors to own Class B Non-Voting Shares. As part of the Share Purchase Assistance program, the Company reimbursed directors for an amount equal to one-half of the purchase price for the initial number of Class B Non-Voting Shares required to be held by a director under AGF's Director Share Ownership Policy, provided that such purchases are made within 24 months of such director's appointment to the Board. Effective December 1, 2022, the Share Purchase Assistance program has been closed to new directors joining the Board after that date, in alignment with the extension of the ownership threshold timeline.

Assessments

The Board and each Committee assess their performance by reviewing their achievement in relation to their charters. Each Committee reports to the Board annually on its performance in relation to its charter.

Each Board member completes an annual individual director self-assessment and returns the completed assessment to the lead director. The lead director reviews the individual self-assessments and presents the consolidated results to the Nominating and Corporate Governance Committee. In addition, each Board member completes an annual Board and Board committee effectiveness questionnaire and returns the completed questionnaire to the Nominating and Corporate Governance Committee Chair. The Nominating and Corporate Governance Committee, together with the lead director, discuss the results of the individual director self-assessment and the results of the Board and Board committee effectiveness questionnaire and recommend to the Board any changes to enhance the performance of the Board and its Committees. The lead director conducts confidential, one-on-one interviews with each Board member about the performance of each director and the group as a whole.

CODE OF BUSINESS CONDUCT AND ETHICS

All directors, officers and employees of the Company are subject to a Code of Business Conduct and Ethics (the "Code") that outlines the standards by which they must conduct themselves in their business dealings. Compliance with the Code is a matter of utmost importance and a breach of any of its provisions is grounds for a warning, revision of responsibilities, suspension or dismissal, with or without notice, depending on the particular circumstances. All directors, officers, and employees of the Company are required to acknowledge their understanding and agreement to comply with the Code annually. New employees receive the Code and are asked to acknowledge their understanding and agreement to comply with the Code as part of the new employee orientation.

The Code is available on www.AGF.com as well via SEDAR at www.sedar.com. The Company uses a confidential and anonymous reporting system that allows officers and employees to report illegal activities, accounting and financial irregularities and breaches of the Code through the web or toll-free number. The reporting system is run by an independent third party supplier. Depending on the nature of the report, the report is investigated by either Internal Audit or Human Resources and is reported to the Audit Committee quarterly.

Management also prepares an annual compliance report to the Nominating and Corporate Governance Committee noting any Code violations and resolutions. The Nominating and Corporate Governance Committee annually reviews the Code and recommends to the Board the adoption and approval of the Code.

During the fiscal year, no issue came to light which required material change reports to be filed with respect to conduct of directors or executive officers that constituted a departure from the Code.

Directors and executive officers are required to report potential conflicts of interest, including any personal interest in a business transaction or proposed business transaction involving the Company, to the Executive Chairman and President and Head of Global Distribution.

This includes the review of AGF compensation programs, and recommending to the Board the appropriate compensation for the Executive Chairman, CEO and other senior executives.

Each Human Resources and Compensation Committee member has held senior executive positions and is well versed in issues relating to human resources and compensation. As a group, they have multinational experience in a range of industries. Succession Planning

The Company has a formal succession planning process for the CEO & CIO and other senior executives that is monitored by the Human Resources and Compensation Committee. Each year, the Human Resources and Compensation Committee reviews the availability and development of leadership candidates for the roles of the CEO & CIO and other senior executives. The Human Resources and Compensation Committee discusses any gaps in the succession plan and the progress made since the prior review, and reports to the Board.

Compensation Philosophy

The Company's executive compensation program is designed to reinforce a strong link between pay and performance in order to:

1. Attract leading talent;
2. Retain and motivate top performers who can further AGF's progress to be the premier Canadian-based investment solutions firm;
3. Promote a pay for performance culture with an emphasis on variable compensation, specifically annual incentives; and
4. Position AGF's compensation at the median of its target comparator group for target performance and above median for superior performance, with exceptions based on individual contribution and importance of each role at various points in time.

Market Positioning

In determining compensation for executives, including the NEOs, the Human Resources and Compensation Committee considers the compensation practices of a comparator group of Canadian companies that generally are in direct competition with AGF for market share and talent and have similar lines of business and scope of operations occasionally adjusted or augmented depending on the specific position. The composition of the comparator group is reviewed by the Committee from time to time for its suitability for the purposes of the Company's compensation practices. The comparator group that was used in determining the target compensation of the NEOs for fiscal 2022 included the following companies:

- CI Financial Corp
- Dundee Corporation
- Fiera Capital Corporation
- IGM Financial Inc.
- Sprott Inc.

In addition to publicly disclosed data, the Committee also considers published compensation survey sources.

The use of comparative market data is just one of the factors used in setting compensation for the NEOs. An NEO's compensation could be higher or lower than suggested by the market data as a result of individual performance, skills, specific role or experience.

Compensation Consultants

Since 2010, the Human Resources and Compensation Committee has retained the services of Gallagher as compensation consultants to provide market data and advice as required on executive compensation, director compensation and technical analysis of the market data with respect to the Company's compensation plans and practices. During fiscal 2022, Gallagher assisted management in the drafting of AGF's fiscal 2021 executive compensation disclosures, conducted an incentive risk assessment for consideration of the Committee, assisted in the development of an updated company peer group and conducted related market assessments of AGF's executive and director compensation for consideration by the Committee. Gallagher also assisted management in matters not related to executive compensation, such as position evaluations, internal pay analysis, and provided insights on market practices to inform management decisions.

The decisions of the Human Resources and Compensation Committee may reflect factors and considerations other than the information and recommendations provided by Gallagher. While Gallagher may also provide other consultancy services to the Company with the full knowledge of the Human Resources and Compensation Committee, neither the Board nor the Human Resources and Compensation Committee are required to pre-approve these other services.

	2022	2021
Executive Compensation – Related Fees (including Directors' Compensation reviews)	\$41,250	\$48,356
All Other Fees (not related to executive compensation)	\$38,200	\$20,797

Components of Total Direct Compensation

AGF's executive compensation program consists primarily of the following elements with the purposes set forth below:

Compensation Element	Purpose of Element
Base Salary	To provide stable and competitive income
Annual Incentive	To motivate and reward short-term behaviours, actions and results that drive long-term value creation
Long-Term Incentives	To encourage executives to maximize long-term shareholder value, primarily provided in the form of AGF Class B Stock Options, Restricted Share Units ("RSUs"), Performance Share Units ("PSUs") and/or Deferred Share Units ("DSUs")
Benefits and Perquisites	To provide above average benefit protection, with less emphasis on retirement income and perquisite benefits

To accomplish both its short-term and long-term objectives, AGF's compensation program emphasizes pay-for-performance, with two variable components. These variable components include annual and long-term incentive plans which are used to align each component of incentive compensation with AGF's short and long-term business objectives.

The Human Resources and Compensation Committee has considered the implications of the risks associated with the Company's compensation policies and practices. The Human Resources and Compensation Committee has reviewed the Company's compensation policies and practices and concluded they do not encourage executive officers to take inappropriate or excessive risks. As discussed below, a significant portion of variable compensation for executives is deferred in the form of RSUs, PSUs and stock options to maintain the focus of the executives on sustained long-term performance.

As well, the Company has adopted a policy which prohibits executives and members of the Board from purchasing financial instruments that are designed to hedge or offset a decrease in the market value of equity securities granted as compensation.

Listed below are the various components of compensation that executives (including the NEOs) may receive, depending on the executive's role within the organization:

Base Salary

Salaries for all employees, including executive officers, are based on each individual's responsibilities, performance and relevant competitive market data. The salaries for executive officers have been established within competitive ranges taking into account the Company's size and position in the industry. Adjustments to base salary are generally considered on an annual basis taking into account the executive's overall performance, experience and values for comparable roles in the marketplace within the comparator group.

Performance Based Incentives

Annual Incentive

Annual incentive is intended to reward contribution and performance for the relevant fiscal year. The target annual incentive is reviewed biennially taking into account all compensation elements. For executive officers, annual incentive awards are determined based on the achievement of annual financial performance and key strategic objectives. Depending on the role, incentive targets vary ranging from 100% to 200% of base salary while the actual annual incentive award can range from zero to two times of the target award.

At the beginning of each year, performance objectives along with the corresponding incentive payout multiplier ranges are set for each of the NEOs for the financial and strategic priority components.

Long-Term Incentives

The Company provides long-term incentive compensation primarily through the Company's share-based plans: the stock option plan and the employee share unit plan. The stock option plan aligns participants' interests with those of shareholders whereby employees are rewarded only if the share price has increased beyond the strike price after a vesting period. The employee share unit plan is a three-year equity-based compensation plan which provides for the grant of RSUs and PSUs and is designed to ensure incentive opportunities continue to align executive and senior management compensation with total shareholder returns.

Stock Option Plan

The purpose of the stock option plan is to advance the interests of the Company by:

- Providing certain key employees with additional incentive;
- Encouraging stock ownership by such employees;
- Increasing their proprietary interest in the success of the Company;
- Encouraging them to remain employees of the Company; and
- Attracting new key employees.

Each year, the CEO & CIO recommends to the Human Resources and Compensation Committee for review the stock option grants for each of his direct reports, which include the NEOs and other senior employees. The Human Resources and Compensation Committee reviews the proposed grants and makes a recommendation to the Board for grants to non-director NEOs and other senior employees. The Human Resources and Compensation Committee evaluates the performance of the Executive Chairman and of the CEO & CIO and makes stock option grant recommendations to the independent directors of the Board. The Human Resources and Compensation Committee also makes a recommendation to the independent directors of the Board for grants to management directors. The number of stock options granted to stock option plan participants is based on the number of options available for grant and the terms of the outstanding options, as well as the total compensation mix and the participant's annual performance, responsibilities and potential to contribute to the Company.

The grant of an option provides a participant with the right to subscribe for a Class B Non-Voting Share at the fair market value which means the volume weighted average trading price of the Class B Non-Voting Shares as reported on the TSX for the five trading days immediately preceding the date of grant.

The option price for all Class B Non-Voting Shares on the exercise of each option is paid in full at the time of such exercise. An employee may receive options on more than one occasion under the plan. The Board may determine when any option shall become exercisable and may determine that an option shall be exercisable in installments, and it may impose such other restrictions as it shall deem appropriate. In any event, options are not exercisable later than 10 years after the date of grant. Stock options will vest in four equal installments each year, commencing one year after the date of grant.

The stock option plan provides that the number of Class B Non-Voting Shares: (i) issued to insiders within any one-year period; and (ii) issuable to insiders at any time, under the plan and under all other security-based compensation arrangements of the Company, shall not exceed 10% of the number of Class B Non-Voting Shares that are outstanding from time to time.

Options are not transferable by the participant otherwise than by will or the laws of descent and distribution, and are exercisable during the lifetime of a participant only by the participant and after death only by the participant's legal representative. In the event that a participant ceases to be an employee for any reason other than death, retirement, or disability each of the options held by the participant that are fully exercisable on the date of termination of employment are exercisable at any time within 30 days after the date of termination of employment. In the event of termination of employment as a result of retirement, disability or death, all of the participant's options are exercisable at any time within one year after the date of termination, whether or not otherwise fully exercisable on that date, but no option will be exercisable after its stated termination date. Options granted under the stock option plan may become exercisable prior to their vesting period on the occurrence of events constituting a change of control.

Subject to compliance with the applicable rules of the TSX, the Board may from time to time amend, suspend or terminate the plan or the terms of any previously granted option, provided that no such amendment to the terms of any previously granted option may (except as expressly provided in the plan, or with the written consent of the holder of such option) adversely alter or impair the terms or conditions of such option.

The following table provides information as at November 30, 2022 regarding the total number of Class B Non-Voting Shares issued and the number of Class B Non-Voting Shares issuable under the stock option plan which has been approved by security holders:

As at November 30, 2022	
Maximum Number of Class B Non-Voting Shares issuable	6,936,118 Class B Non-Voting Shares are issuable under this plan, representing 10.7% of the outstanding Class B Non-Voting Shares.

As at November 30, 2022

Stock Options Currently Issued	4,701,833 Class B Non-Voting Shares to be issued upon exercise of outstanding options. Outstanding options represent 7.3% of the outstanding Class B Non-Voting Shares. The weighted average exercise price of outstanding options is \$5.90.
Available for Issuance	2,004,285 options remain available for issuance (after taking into account options that have been cancelled or expired), representing 3.1% of the outstanding Class B Non-Voting Shares.
Options Granted in Year (the annual "burn rate")*	304,414 options were granted in 2022, representing 0.5% of the outstanding Class B Non-Voting Shares. The corresponding "burn rates" were 0.4% for 2022 and 0.2% for 2021.

*Burn rate is defined as the total number of stock options issued in a year, divided by the weighted average number of Class B Non-Voting Shares outstanding for the applicable fiscal year.

The exercise price of the stock option grants was determined based on the compensation value of the Company's Class B Non-Voting Shares at the time of grant as discussed in the footnotes to the Summary Compensation Table. The stock option grants to the NEOs above have a term of seven years and will vest in four equal installments each year commencing one year after the date of grant.

Employee Share Unit Plan

The Company's Employee Share Unit Plan provides for the grant of RSUs and PSUs as described below.

RSUs

The number of RSUs granted is based on the value of the grant divided by the fair market value which is the volume weighted average trading price of the Class B Non-Voting Shares as reported on the TSX for the five trading days immediately preceding the date of grant. The vesting period of RSUs is three years based on the participant's continued employment or continued engagement. Dividends are reinvested in the form of additional units credited to the participants' account on the record date for such dividends. RSUs earn dividend credits in the form of additional RSUs, as applicable, at the same rate as dividends are paid on the Class B Non-Voting Shares. RSUs become available for redemption no later than the third-year anniversary following the grant date. For the NEOs, the Company's current RSU grant practice is to vest one-third of each NEO's RSUs at the end of a fiscal year, following which the corresponding after-tax value of the vested RSUs is applied by the Company's Employee Benefit Trust to purchase AGF Class B Non-Voting Shares on behalf of the NEO on the open market, and the vested RSUs are cancelled.

PSUs

The number of PSUs granted is based on the value of the grant divided by the fair market value which is the volume weighted average trading price of the Class B Non-Voting Shares as reported on the TSX for the five trading days immediately preceding the date of grant. The vesting period of PSUs is three years based on achievement of predetermined performance goals and the participant's continued employment or continued engagement. Dividends are reinvested in the form of additional units credited to the participants' account on the record date for such dividends. PSUs earn dividend credits in the form of additional PSUs, as applicable, at the same rate as dividends are paid on the Class B Non-Voting Shares.

DSUs

DSUs are notional shares that cannot be settled before an employee's retirement date or earlier termination from the company. The number of DSUs granted is based on the value of the grant divided by the fair market value which is the average of the high and low prices at which AGF Class B Non-Voting Shares are traded on the TSX during the five trading days preceding the date of grant. DSUs earn dividend credits in the form of additional DSUs, as applicable, at the same rate as dividends are paid on the Class B Non-Voting Shares.

CIO Fund Performance Incentive Plan

The CIO Fund Performance Incentive Plan is designed to provide Kevin McCreadie in his capacity as CIO with an incentive that is aligned with AGF's fund performance. Under the plan, AGF's fund performance ratings will be compared to the performance of its peers over a three-year period. A target award of \$750,000 was approved for the period from December 1, 2020 to November 30, 2023. A maximum payout of 150% of the target award will be payable if AGF ranks in the top quartile and no payout will be made if AGF ranks above the 60th percentile.

Employee Share Purchase Plan

The Company matches 60% of an eligible employee's own contribution up to a maximum of 6% of base salary for the purchase of Company's shares. NEOs are eligible to participate in the Employee Share Purchase Plan on the same basis.

Benefits

The Company provides all employees with comprehensive benefits to supporting health care and life insurance needs. NEOs are eligible to participate in this group benefit program on an enhanced basis for life insurance and medical benefits.

Perquisites

The Company provides club memberships, annual health assessments and parking benefits to its senior executives, the total value of which is less than 10% of salary for each NEO and less than \$50,000 for the CEO and CIO.

Group RRSP

The Company provides a Company sponsored Group RRSP plan to all salaried employees. The Company matches a percentage of the employee's contribution up to a maximum of 5% of base salary. During fiscal year ended 2022, certain NEOs were eligible for RRSP contributions by the Company of up to \$29,210.

The Company does not provide its executives with supplementary retirement benefits.

Assessment of Annual Performance

Each year, performance objectives for the Executive Chairman and the CEO are established by the independent Human Resources and Compensation Committee established by the Board, and are approved by the Board. Performance objectives for the other NEOs are established by the CEO & CIO.

The Human Resources and Compensation Committee evaluates the performance of the Executive Chairman and of the CEO & CIO. This performance evaluation is based upon the Executive Chairman and the CEO & CIO achieving objectives related to the Company's financial and strategic objectives. The CEO & CIO evaluates the performance of the other NEOs based upon the achievement of their objectives as set out in their business plans, which are approved by the Board. The CEO & CIO recommends the annual incentive awards of the other NEOs to the Human Resources and Compensation Committee. The Human Resources and Compensation Committee reviews the CEO's recommendations, and the full Board approves the annual incentive awards for NEOs who are not Directors of the Board. Independent Directors of the Board approve the annual incentive awards for all management Directors.

While the Human Resources and Compensation Committee examines a number of factors when considering annual incentive awards to the NEOs, for fiscal 2022 the Company's performance was assessed based on the Company's adjusted EBITDA financial results, and the execution of strategic objectives.

Fiscal 2022 Target Total Direct Compensation

As disclosed in last year's AIF, the Board increased Mr. McCreadie's target long-term incentive compensation for fiscal 2022, following a competitive review of total direct compensation benchmarking conducted by Gallagher.

No changes were made to the compensation of the other members of the Executive Management Team for fiscal 2022. The following NEO target compensation levels were accordingly recommended by the Human Resources and Compensation Committee as of December 1, 2021, and were approved by the Board⁽¹⁾:

Executive	Title	Base Salary	Annual Incentive Target	Long-term Incentives Target (Stock Options, RSUs, and PSUs)
Blake C. Goldring	Executive Chairman	\$550,000	\$1,100,000	\$500,000
Kevin McCreadie	Chief Executive Officer and Chief Investment Officer	\$800,000	\$1,600,000	\$1,600,000
Judy G. Goldring	President and Head of Global Distribution	\$400,000	\$600,000	\$400,000
Adrian Basaraba	Chief Financial Officer	\$350,000	\$350,000	\$250,000

Notes:

- (1) In addition to base salary, annual incentive, and long-term incentives (Stock Options, RSUs, and PSUs), Mr. McCreadie is eligible for a three-year CIO Fund Performance Incentive Plan with target of \$750,000 for the 3-year period from December 1, 2020 to November 30, 2023.

The resulting percentage of target total direct compensation for fiscal 2022 are shown in the table below. The NEOs' Total Direct Compensation is the sum of base salary, annual incentive, and long-term incentives and reflects the pay for performance philosophy decisions made by the Human Resources and Compensation Committee. The percentages exclude other compensation that is one-time in nature, such as signing bonuses and awards.

Fiscal 2022 Position	Base Salary	Annual Incentives Target	Long-term Incentives Target (Stock Options and RSUs)	Percentage of Pay at Risk
Executive Chairman	26%	51%	23%	74%
CEO and CIO ⁽¹⁾	20%	40%	40%	80%
President	29%	43%	29%	71%
CFO	37%	37%	26%	63%

Notes:

- (1) The CEO and CIO's three-year CIO Fund Performance Incentive Plan target of \$750,000 is not reflected in the table above and is considered as 'Pay at Risk'.

Mr. Lawrence's and Ms. Quinn's compensation arrangements are discussed on pages 43-44.

Fiscal 2022 Annual Incentive Awards

The NEO performance objectives for fiscal 2022 were based on the achievement of AGF's adjusted earnings before interest, and taxes, depreciation, amortization, and deferred selling commissions ("adjusted EBITDA"), and on the achievement of strategic priorities and individual NEO areas of focus.

The following table outlines the performance measures and relative weightings for each NEO for the fiscal year ended November 30, 2022:

	Executive Chairman Blake C. Golding	CEO and CIO Kevin McCreadie	President Judy G. Golding	Former CFO Adrian Basaraba
Adjusted EBITDA	75%	75%	50%	50%
Strategic Priorities and Individual Objectives	25%	25%	50%	50%

Strategic objectives for the NEOs in fiscal 2022 included the following areas of focus:

- Investment management
- Canada Retail, US and Institutional sales
- Alternatives
- Corporate sustainability
- Process and efficiency improvements
- People and culture initiatives
- Financial and Risk management

The Company's adjusted EBITDA results were 108.3% of target for fiscal 2022, resulting in a financial performance payout of 133.2% of target under the Executive Bonus Plan. The Company continued to execute on key annual and long-term strategic objectives during the year. For fiscal 2022, the bonus payout (as a percentage of target bonus) for each NEO is aligned with these performance results according to the relative weightings of the performance measures, as follows:

	Executive Chairman Blake C. Goldring	CEO and CIO Kevin McCreadie	President Judy G. Goldring	Former CFO Adrian Basaraba
AGF EBITDA	133.2%	133.2%	133.2%	133.2%
Strategic and Individual Objectives	101.6%	103.8%	99.6%	99.9%
Fiscal 2022 Performance vs. Target	125.3%	125.8%	116.4%	116.5%
Fiscal 2022 Annual Incentive Award	\$1,378,300	\$2,012,800	\$698,400	\$407,750

The Human Resources and Compensation Committee is satisfied that the foregoing NEO annual incentive awards are appropriate, based on AGF's financial performance and the achievements of the NEOs for fiscal 2022.

Fiscal 2022 Long Term Incentive Awards

In making long term incentive award recommendations to the Board, the Human Resources and Compensation Committee takes into consideration each NEOs' target award for the fiscal year, as adjusted for the performance of AGF and the performance of the NEO. Additional awards may be recommended by the Committee to the Board from time to time in order to take into account value creation factors, such as acquisitions, special initiatives, and cost control enhancements that the Board considers appropriate in the circumstances. The final decision is made by the Board. Total award values are allocated into grants of Stock Option and/or RSU awards to each NEO as the Board deems appropriate.

After taking into consideration AGF's compensation philosophy, AGF's 108.3% of target adjusted EBITDA performance, and other value creation considerations, the Board made the following NEO long term incentive awards for fiscal 2022:

NEO	Grant Date	Long Term Incentive Award Values and Allocation	Grant Value
Blake C. Goldring	November 30, 2022	Fiscal 2022 Award Award allocation: 100% RSUs	\$541,500
Kevin McCreadie	November 30, 2022	Fiscal 2022 Award Award allocation: 12% Options 88% RSUs	\$1,732,800
Judy G. Goldring	November 30, 2022	Fiscal 2022 Award Award allocation: 100% RSUs	\$433,200
Adrian Basaraba	November 30, 2022	Fiscal 2022 Award Award allocation: 100% RSUs	\$270,750

Notes:

(1) 94% of the foregoing Grant Values were granted on November 30, 2022, with the balance to be granted in February 2023.

No PSUs or DSUs were granted in fiscal 2022 to any of the NEOs.

The Human Resources and Compensation Committee is satisfied that the foregoing NEO long term incentive awards are appropriate for fiscal 2022.

Head of Private Capital Compensation

Ash Lawrence was appointed as AGF's Head of Private Capital effective February 14, 2022. In conjunction with the appointment, he received a one-time payment of \$427,500 on March 14, 2022 and one-time RSU award of \$1,050,000 on April 7, 2022, with respect to the incentive entitlements that he forfeited upon resigning from his former employer.

His annual target total direct compensation as Head of Private Capital is as follows:

NEO	Base Salary	Annual Incentives Target	Long-term Incentives Target (Stock Options and RSUs)	Total Direct Compensation Target
Ash Lawrence	\$475,000	\$625,000	\$1,150,000	\$2,250,000

For fiscal 2022, Mr. Lawrence received a \$625,000 annual incentive award, a \$200,000 stock option award and a \$950,000 RSU award in accordance with his AGF employment agreement.

Mr. Lawrence's fiscal 2023 target compensation remains unchanged as approved by the Committee.

CFO Transition

Adrian Basaraba relinquished his responsibilities as AGF's CFO on September 28, 2022 and remained with the Company in an advisory capacity until November 30, 2022. His compensation arrangements are disclosed in the Summary Compensation Table and in the Employment Contracts and Change of Control section of this AIF.

Jenny Quinn, Chief Accounting Officer, was appointed Interim CFO effective September 29, 2022. Her compensation was increased at an annual rate of \$180,000 during the term of her Interim CFO appointment. For fiscal 2022 performance, Ms. Quinn received an annual bonus of \$107,800 under the terms of the General Staff Bonus Plan and annual RSU award of \$38,373.

Fiscal 2023 Executive Compensation

The number of companies in the Company's executive and director compensation peer group has reduced over the past decade primarily due to corporate takeovers. The Human Resources and Compensation Committee accordingly authorized Gallagher to conduct a detailed review and to propose potential peer group companies for its consideration for fiscal 2023.

After taking into consideration Gallagher's analysis and input provided by senior management, the Committee approved the following peer group companies going forward.

- Canaccord Genuity Group Inc.
- CI Financial Corp
- Dundee Corporation
- Fiera Capital Corporation
- Guardian Capital Group Limited
- IGM Financial Inc.
- RF Capital Group Inc.
- Senvest Capital Inc.
- Sprott Inc.

Gallagher reviewed the compensation of Mr. McCreddie and Ms. Goldring in relation to the updated peer group.

As a result of the review, Judy G. Goldring's new total direct compensation target for fiscal 2023 was increased by \$100,000 to \$1,500,000 as follows:

NEO	Base Salary	Annual Incentives Target	Long-term Incentives Target (Stock Options and RSUs)	Total Direct Compensation Target
Judy G. Goldring	\$425,000	\$650,000	\$425,000	\$1,500,000

No other changes to the fiscal 2023 target total direct compensation of the NEOs have been proposed or made as of the date of this AIF.

Executive Share Ownership Guidelines

To ensure that the interests of executives are aligned with the interests of shareholders, AGF adopted share ownership guidelines for its executives since November 2006. The share ownership guidelines provide that the value of Class B Non-Voting Shares and Employee Share Unit Plan units (currently RSUs) and Deferred Share Units held by AGF executives should equal a multiple of their base salary. Stock option values are excluded in determining the executive ownership. Newly appointed executives are required to meet the requirements within five years following the commencement of their employment as an executive of the Company. The minimum share ownership requirements as of November 30, 2022 for current NEOs are set out below:

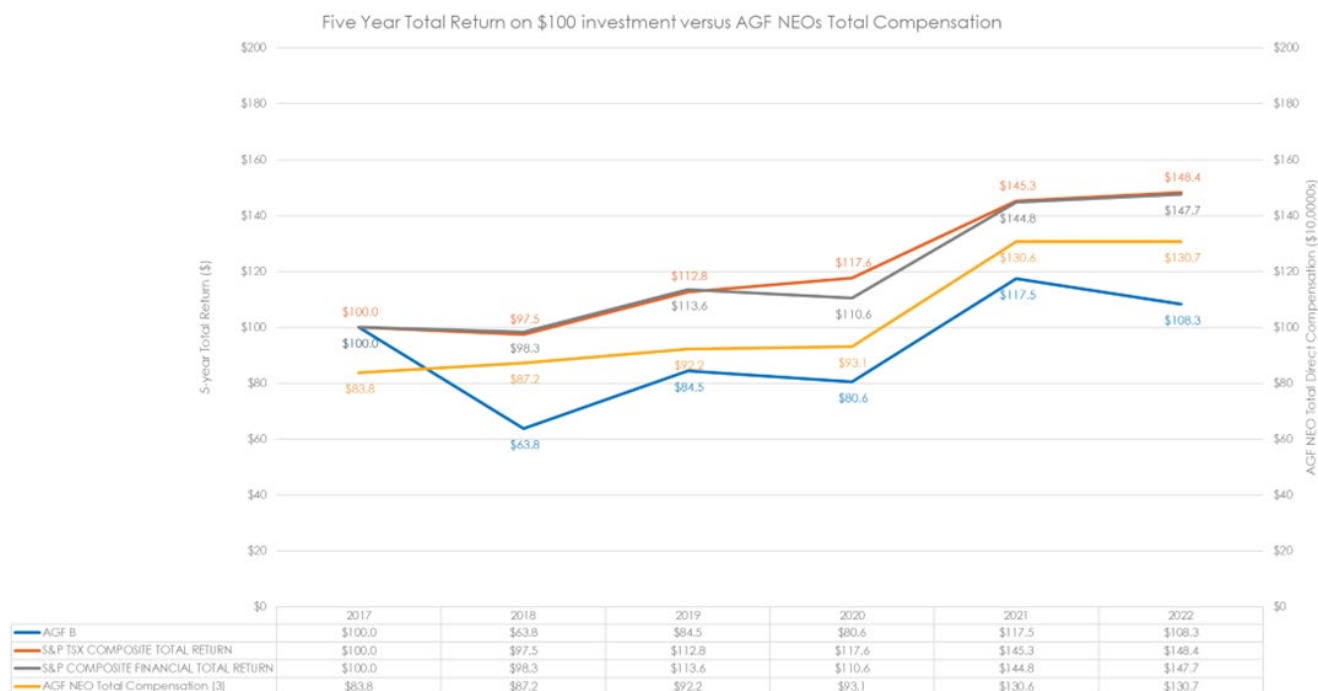

Named Executive Officer	Minimum Ownership Requirement (as multiple of base salary)	Minimum Ownership Requirement ⁽¹⁾⁽²⁾	Requirement Met?
Blake C. Goldring Executive Chairman	5 times	\$2,750,000	Yes
Kevin McCreadie CEO and CIO	5 times	\$4,000,000	Yes
Judy G. Goldring President	3 times	\$1,200,000	Yes
Ash Lawrence Head of Private Capital	2 times	\$950,000	Yes

Notes:

- (1) For the purpose of determining the minimum share ownership requirements, the NEOs base salary as of November 30, 2022 was multiplied by the minimum share ownership requirement multiple.
- (2) Ms. Quinn does not have a minimum ownership requirement in her role as Interim CFO.

Performance Graph

The graph below shows a five-year comparison of cumulative returns for the Class B Non-Voting Shares of AGF, S&P TSX Composite Index and the S&P TSX Composite Financials Index. The graph assumes an investment of \$100 on November 30, 2017 and the reinvestment of dividends. Also shown, for comparative purposes, is the aggregate annual NEOs Total Compensation for the same period, which the Human Resources and Compensation Committee believes appropriately reflects the Company's performance and return to shareholders for the period.

Notes:

- (1) Dividends are reinvested.
- (2) AGF NEOs Total Compensation is the sum of base salary, annual incentive, long-term incentive and benefits and reflects the pay for performance compensation awards made by the Human Resources and Compensation Committee, and excludes other compensation that is one-time in nature, such as signing bonuses and promotion awards. Fiscal 2018 Total Direct Compensation excludes one-time RSU and DSU promotion grants. In 2022, Total Compensation was reported for six NEOs compared to five NEOs in other years.
- (3) Expressed in \$100,000 of dollars. 2020 and 2019 values adjusted to include a portion of housing allowances in the amount of \$172,789 in both years, for the CEO and CIO.

Cost of Management

The following table illustrates the total compensation awarded to the NEOs as a percentage of the Company's consolidated adjusted EBITDA before commissions for the fiscal year indicated.

Year	NEOs Compensation (\$millions) ⁽¹⁾	Consolidated Company Adjusted EBITDA before commissions from Continuing Operations (\$millions)	NEOs Compensation as percentage of EBITDA
Fiscal 2022	\$13.07	\$139.01	9.40%
Fiscal 2021	\$13.06 ⁽²⁾	\$127.70	10.23%
Fiscal 2020	\$9.31	\$113.20	8.22%

Notes:

- (1) AGF NEOs Total Direct Compensation is the sum of base salary, annual incentive, long-term incentives and benefits, and reflects the pay for performance philosophy decisions made by the Human Resources and Compensation Committee. It excludes other compensation that is one-time in nature such as signing bonuses and promotion awards. The 2020 value was adjusted to include a portion of housing allowances in the amount of \$172,789 for the CEO and CIO.
- (2) AGF NEOs Total Direct Compensation for Fiscal 2021 excludes Mr. McCreadie's one-time grant of DSUs of \$1,500,000 granted on February 2, 2021.

Notes:

- (1) Amounts shown represent the compensation values used to determine the number of stock options awarded or to be awarded to the NEOs. All stock option awards were granted to NEOs determined using a compensation value factor of 20% instead of the applicable Black-Scholes factor used for determining fair value in the Company's consolidated financial statement ("Accounting Fair Value"). Using the compensation value factor typically results in fewer options being granted to the NEOs than by using the Accounting Fair Value factors. The accounting assumptions and the per share values are shown in the following table:

	November 26, 2020	November 30, 2021	November 30, 2022
Option Exercise Price	\$5.64	\$8.17	\$6.57
Expected Life	5.2 years	5.3 years	5.3 years

- (2) All Other Compensation includes the value of enhanced group life insurance and enhanced medical benefits, Company contributions to the group RRSP, and Company matching contributions to the Company's Employee Share Ownership Plan. Perquisite values are not reported if they do not exceed the lesser of 10% of salary or \$50,000. Mr. McCreadie received relocation expenses and housing allowance, including taxes, of \$403,379 for fiscal 2022, \$447,600 for fiscal 2021 and \$396,891 for fiscal 2020.

The amount of severance payable to Mr. Lawrence with respect to the notice period would be based on his current salary, plus the average of his last three years' annual bonus payments. In addition, his Special Compensation entitlements would continue to be granted and vest as if he had not been terminated by the Company. The agreement also contains non-competition, mitigation and confidentiality provisions binding on Mr. Lawrence. SENIOR MANAGEMENT DIVERSITY INITIATIVES

AGF employs a comprehensive talent framework, which seeks to identify and track the current and future pipeline of senior management talent no less than annually with regard to several factors including:

- Succession planning for executive roles, other key roles and key people
- Individual career aspirations and career growth and development opportunities
- Individual performance track record
- Assessment of advanced leadership competency development and/or capability (beyond current position)

Special attention is given to ensuring consideration of diversity, including gender diversity, during the talent review and calibration process for current and emerging leaders. To support AGF's progress in assessing and developing a diverse pipeline of talent beyond individual development plans, the Firm specifically takes the following additional steps with regard to fostering diversity, including gender diversity:

- Working with the Diversity, Equity & Inclusion Committee, the Chief Human Resource Officer partners with business leaders to review the diversity and strategy initiatives of the Firm, and workplace demographics on a regular basis.
- The Chief Human Resource Officer reviews and assesses the organization's diversity metrics and statistics on a regular basis with the Executive Management Team.
- As part of AGF's ongoing leadership development initiatives, efforts are made to educate all leaders about diversity factors, including the impact of unconscious bias in the workforce.
- AGF retains talent search firms that support an existing network of diverse candidates in order to ensure at least one female finalist in certain key employment searches.

AGF applies gender balanced recruiting practices to ensure a balanced slate of qualified candidates for senior leadership positions. AGF also continues to provide opportunities for female leaders at the Firm to liaise with the broader female investment advisor community on the topic of women as leaders in investing and supporting female advisors.

AGF abides by all Human Rights Code employment requirements in addition to ensuring a gender balanced slate of qualified candidates for senior leadership positions. This gender balance requirement extends to all external recruitment vendors.

AGF closely monitors senior management diversity both from a key performance metric (KPI) perspective, as well as from a recruitment perspective. AGF is committed to a diverse and inclusive workplace, and regularly surveys its workforce to better understand employee perspectives on diversity, inclusion and culture.

AGF is committed to recruiting for senior leadership positions, including executive officer roles, among talented individuals that are the most qualified to perform the requirements of each position. AGF looks to hire the best available candidate, while also recognizing the benefits to AGF of advancing the principles of diversity in all respects.
